## NEW QUARTERS FOR POLICE DECIDED ON

Commissioners Will Expend the \$30,000 Voted by Ratepayers in Remodelling Market Building—Traffic Rules

The police commissioners held a session yesterday, at which it was decided that the \$30,000 voted last year by the ratepayers for remodelling the market building for police headquarters should be expended for the purpose.

The necessity of greater accommodation for the growing police force, and more adequate and sanitary quarters for prisoners, has of late been an urgent matter for the commissioners in the securing of new quarters.

Plans for the remodelling of the market hall will be immediately prepared, and further consideration of the scheme will be had in council session, when the report of the commissioners comes up for consideration this evening.

More rigid enforcement of the street traffic regulations will be insisted upon, the practice of taximeters and others allowing their rigs to stand upon the street for lengthy periods being hereafter discouraged.

Messrs George Varney and Peter Finnigan were appointed to the force on probation.

feet from it, causing the sailors on board the nearest battleship to cry out in alarm.

A passenger in the bi-plane could have sunk the submarine with an exploding missile.

After the naval aviators finished their display, Mr. Grahame-White gave a wonderful exhibition of flying. He flew out around the various warships so near the water as to be scarcely above the level of their decks, demonstrating his supreme skill in controlling the machine.

### Battle Practice

WEYMOUTH, May 9.—(Later).—Dense sea fog upset all arrangements for the fleet manoeuvres today, the programme being practically abandoned except for brief target practice in the afternoon by the Neptune's 12-inch guns. Battle practice with the 13.5 guns will be carried out tomorrow if the weather clears. The king made a trip in a submarine which traveled two miles submerged, accompanied by his son, Prince Albert, who is a student at Dartmouth naval college, and by Winston Churchill.

Claude, Graham-White and naval aviators carried out interesting evolutions, which included a flight from the deck of the battleship Hibernia by Commander Samson.

Referring to a flight by Commander Samson made yesterday, justified his aeroplane, when he circled the fleet at a height of a thousand feet, and remained in the air an hour, alighting in broken water, Horace Short, inventor of the hydro-aeroplane, said that as a result of that test the aerial machine will revolutionize naval warfare completely. Samson was able to see the rocks under the water, and it therefore would be easy to locate a submerged boat.

Commander Samson carried a bomb 300 pounds in weight, and inventor Short expressed confidence in his ability to construct a hydro-aeroplane capable of carrying a bomb containing a ton of explosives.

## PASSES ITS SECOND READING

Continued from Page 1

A demand so persistent, continued the prime minister, was one to which a democratic parliament in these days was bound to yield.

If the Irish vote were eliminated in the House of Commons there would still be a majority of fifty or sixty for Home Rule.

Referring to the Ulster threats Mr. Asquith said he believed the British people to be just and generous. They detested intolerance and persecution in any form, but they were not the people to be frightened out of what they believed to be just by language of intimidation. The government had asked repeatedly what further safeguards were desired, but the only answer of the opposition was that they would receive from Ulster nothing but yielding and uncompromising resistance.

Dealing with the safeguards, he said that if the Irish parliament passed acts transcending the bounds that the government had set these acts would become void. No one could be punished for disobeying them. The bill was that in the sense that it was the settlement of a long standing warfare, but no one claimed for it that there might not be a necessity hereafter to modify some of its provisions.

In conclusion Premier Asquith said that the claim of Ireland was a paramount urgency because there was no part of the United Kingdom to which the imperial parliament owed so long and so deep a debt.

Gateway to Lake Country

"During the summer we operate 20 different coach routes, and these embrace a wide range, and these are made historic by the greatest writers of English literature. These lakes—Windermere, Conistone, Rydal and Grasmere—were the favorite ground of such men as Charles Lamb, John Ruskin and the great Wordsworth. From the hillside of Conistone Ruskin wrote his masterpieces of literature, while from a little inlet on Grasmere most of

Wordsworth's beautiful writings were created.

"And how wonderfully rich is this house. So, too, is it rich in castle, halls and shrines. Many of the medieval houses are still inhabited, some that go as far back as the 12th century.

"Ruins the whole district is rich in, some of them going back to the days when our forefathers had to build their homes in almost inaccessible places, so as to be in a position to defend themselves from their stronger neighbors.

"But today all these things have passed away, and while some people are inclined to class all people catering for tourist trade as robbers, the equal of any that ever lived in the days of old, I think you will agree with me that the management of the Lakes company does not come under that head, for they issue to all tourists a contract ticket, good over all lakes and on the steamers on the lakes—and there are several.

Three on Lake Windermere, and about 12 third class and 12 first class for seven days. So I think you will agree with me that the company is doing all they can to all tourists. We'll be glad to furnish all information of our district if they will but drop a card to the manager."

## CHANGED COURSE TO AVOID BERG

Continued from Page 1

however, because there was not much water there. In fact the water was leaking through into boiler room No. 4.

Dutton said he swam about for twenty minutes before being rescued, and saw at least 1,000 other men swimming or floating on the surface buoyed up by life-preservers. He saw no women in the water.

The conduct of J. Bruce Ismay after the casualty, was mentioned for the first time during the British inquiry, and was described by James Johnson.

A steward, as having been—commander of the ship in No. 2 Johnson, who left the ship in No. 2 emergency boat, a small dinghy, was asked why there was not more women in the boat. He replied that they would not go into it. Mr. Ismay, the witness said, tried to induce the women to enter the dinghy, but they refused, whereupon he escorted them to larger boats.

"He did everything an Englishman would do," Johnson added. Edward Johnson was asked why his boat had not returned to the scene of the disaster when its occupants heard cries for help. He replied that the officers in charge decided against this course after consulting some of the women in the boat.

### All Engineers Went Down

Under the existing conditions, their boat would have held five or six more persons, Johnson testified.

Sir Robert Finlay, attorney for the White Star line, explained that the doors mentioned by Dutton, could not be opened without being raised from the bridge.

The attorney for the Seamen's and Firemen's union, suggested that the evidence that the afterpart of the ship righted itself momentarily after the forward part had sunk, justified his theory that if the bulkhead doors had not been opened the afterpart of the ship would have remained afloat.

The attorney-general, Sir Rufus Isaacs, explained that the only evidence obtainable regarding the engine room was that of the stokers, as all the engineers went down with the ship. Only seven of the eighty firemen on duty at the time of the accident were saved.

## INVASION OF CANADIAN WEST

Let it be a strong believer in the advertising which a land show affords, and states that the public has been gained for Canada at such functions.

At the Chicago land show last winter over 11,000 pieces of Canadian advertising literature had been distributed to interested persons through the Canadian government and railways. In some cases this raised antipathy on the part of the local officials, and Canadian exhibits were shut out, but this very fact gave the publicity which was most desired, and reacted so much that the giving tendency is to allow Canadian exhibits to be shown.

### Bank Defalcations

VANCOUVER, May 9.—Three years in prison for the Imperial Bank clerk, two and a half for the receiving teller in the Merchants Bank, and two years for the paying teller in the Merchants Bank, were the sentences imposed by Magistrate Shaw in the police court this morning on three young men who pleaded guilty yesterday to charges of thefts from the banks as well as of forgery and conspiracy.

### Struggle With Eagle

SAN FRANCISCO, Cal., May 9.—Two policemen were sent to a local hospital yesterday as a result of attempting to capture an American eagle near Golden Gate park. The bird, all but won the struggle, but was finally overcome and carried to the station house and placed in a cage. The policemen were badly scratched by the eagle's talons, and their uniforms torn to shreds.

## AMBASSADOR TO LONDON

Marischal von Bieberstein Is Germany's Appointee To Court of St. James

BERLIN, May 9.—The retirement of Count Paul Wolff-Metterlinch from the post of German ambassador at London, was semi-officially announced today and the name of Baron Marischal von Bieberstein, Germany's foremost diplomat, has been submitted to the government as his successor.

COLOGNE, May 9.—The nomination as ambassador to London of Marischal von Bieberstein, according to an inspired dispatch from Berlin to the Cologne Gazette, shows the importance that Germany attaches to its relations with Great Britain. The dispatch states that the new ambassador will initiate a somewhat altered policy toward Great Britain.

## ARCADIAN ASHORE

M. S. S. Packet Company's Steamer Is Wrecked Off Panama

LONDON, May 9.—The Royal Mail Steam Packet Co. received a cablegram from Colon today saying their steamer Arcadian was aground on Salmadina Bank, near Carina, Panama. The cablegram said the vessel was in no danger. The Arcadian left New York on April 27, bound for Colon and Southampton.

COLON, May 9.—Two steamers have gone aground in trying to assist the Arcadian aground on Salmadina Bank. The United Fruit company's steamer Metaphis, which left New York on April 24 and the Harrison Luper Workman, which came to the Arcadian's aid, are now aground on the same bank. The canal tugboat Empire and the United Fruit company's Seapac, which left New York on May 1 for Kingston, Jamaica, are now going to render assistance.

Everybody on board is reported safe. The Arcadian carries a large party of American tourists on a cruise of West Indian and Central American ports.

## CIVIC INQUIRY

Authorities Baffled in Attempt to Discover Cause of Toronto Building's Collapse

TORONTO, May 9.—Baffled so far along every line of inquiry, the civic architects are still groping for the clue that will reveal the cause of the sudden collapse of the south wall of the Nielson factory which brought death to two and injuries to a dozen or more persons last Saturday.

As the investigation proceeds the case becomes more mysterious. "What is seen now," said Assistant City Architect Price yesterday, "is that there may have been a dozen agencies working in conjunction to throw the wall over."

## WELL TRAGEDY

Alberta Farmer Attempting to Save Neighbor Plunges to His Death

VIKING, Alta., May 9.—In saving the life of W. Kirkpatrick, a neighbor who had fallen into a 42 foot well in which there was considerable gas Frank Day-ton, a young farmer, plunged to his death before the eyes of his young wife. Day-ton went to the bottom of the well to rescue Kirkpatrick and Mrs. Day-ton pulled him to safety. Day-ton then stepped into the noose on the end of the rope, and was hauled to within a few feet of the top of the well, when apparently overcome by gas, he dropped back to the bottom, being killed instantly.

## POLITICAL BIRERY

Quebec Conservative Says He Was Offered \$10,000 to Retire From Contest

ST. JEROME, Que., May 9.—That he was offered a bonus of ten thousand dollars and a job as immigration agent in Paris with all expenses in moving his family to France, if he would retire from the field to permit the election of Jean Provost, the nationalist opponent by acclamation, is the allegation made by Camille de Marigny, the nominated Conservative candidate in the provincial constituency of Terrebonne. He alleges that the offer was made by friends of Provost. He indignantly declined the offer and will remain in the field.

## PROTESTANT BROTHERHOOD

One Hundred Delegates Arrive From Great Britain to Take Part in Canadian Convention

MONTREAL, May 9.—The Canadian Northern steamer Royal Edward docked this morning. She brought a delegation of one hundred members of British brotherhoods, who come to this country for the purpose of attending the first convention of the Brotherhood of Protestant Church of Canada in Toronto this week. The delegates were accompanied by 20 ladies, who represent British sisterhoods.

## BAKERS ON STRIKE

Trouble Among Hebrew Community in Montreal Assuaging Serious Proportions

MONTREAL, May 9.—The strike of Jewish bakers has assumed serious proportions among the Hebrew community. Three master bakers have appealed to police headquarters asking for the arrest of striking employees charged with assault. Charges were laid against 14 bakers. In one case a master baker was severely beaten about the head.

### Victims of Asphyxiation

SEATTLE, May 9.—Tom G. Williams, a waiter, aged 24, died and E. H. Martineau, aged 30, probably will die from asphyxiation as the result of defective gas apparatus in a room occupied by them in a Union street lodging house. Nothing is known here of Martineau.

## FAVOR PRESENT SITE FOR CIVIC CENTRE

Council's Parks Committee Will Recommend Acquisition Alleged to Be Guilty of Now Stands

The present site of the city hall, together with the property at the rear and the site of the H. C. Pottery company's premises on Broad street, will be the location to be recommended by the parks committee of the city council for the site of the proposed new civic centre building.

The committee held a meeting yesterday afternoon, when various sites were considered. Alderman Cuthbert, chairman of the committee, strongly urged the expropriation of the balance of the block whereon is situated the headquarters fire hall, but other members of the committee favored the acquiring of the balance of the present city hall block.

The matter, when it came before the city council recently, was referred to the parks committee to consider and report upon, and will be further discussed at tonight's meeting of the council.

What the cost of acquiring the balance of the block will be is not known, but the committee's opinion was that it can be got at a figure considerably less than would have to be paid for the market building site, and yet be sufficient to provide a site for a suitable civic building with all the accommodation required for many years to come.

## BRITISH REFERENCES TO SENATOR SMITH

Remarkable Actions of President of the Inquiry Commented Upon by Shipbuilders and Newspapers

British shipping papers have many references to the senatorial inquiry at Washington regarding the loss of the Titanic. Col. Senator White, of Sir W. G. Armstrong, Whitworth & Co., discussing Senator Smith's line of questioning, says he asked many remarkable questions. He had asked where icebergs came from, and what they were composed of; he asked an officer if he fired horizontally upwards, and whether the ship went down by the bow or the head. He asked whether the vessel was equipped with watertight compartments, and if passengers could take refuge in those compartments; he concluded by asking if 48 degrees Fahrenheit was above zero. Col. White eulogized the heroism of the men on board the Titanic. He thought the question of the subdivision of ships would receive a possible consideration. He did not consider it was impossible to make ships absolutely unsinkable; it meant the expenditure of a great deal of money and a good deal of material, but when they put on a good ship another 1,000 people, he thought human science could devise designs which would practically prohibit the recurrence of so terrible a disaster.

The Liverpool Journal of Commerce says: "There can be no question but that under ordinary circumstances the action taken by the senate would have been regarded as a positive breach of international usage, for the vessel not only flew the British flag, but the accident happened on the high seas, facts which should certainly have influenced the authorities of the United States in their determination to hold a sworn investigation before the witnesses returned home to this country. It cannot but be known on the other side of the water that the board of trade of this country invariably holds an inquiry into every serious case of wreck of a British vessel that takes place in any part of the world, a regular court, presided over by a trained lawyer, being instituted, and nautical assessors of experience being appointed to act as official experts. The scope of these investigations is practically unlimited, every point having the least bearing on the disaster being fully gone into, and the widest possible discretion being given to the counsel representing the various interests, both as regards the examination and the cross-examination of the witnesses.

"If, in spite of this, our shipowners, shipmasters, officers and engineers are faced with the additional possibility of having to encounter a tribunal composed of a number of politicians from the legislature of a foreign country, into which the officers, crew and passengers are by chance carried, a new terror will be added to the shipping industry, and all our previous ideas about the status of a ship on the high seas will have to be recast. In this case the situation is further complicated by the fact that the senate committee, at least through the action of its chairman, have from the first shown a bias and a prejudice against the owners and officers of the Titanic worthy only of a howling, unthinking mob anxious to find a victim, with the result that discredit has been thrown on the whole proceedings, and any real good likely to ensue from a fair and honest investigation is being seriously hindered."

## ENFORCING THE COAL MINES REGULATIONS

Criminal Prosecutions Being  
Undertaken Against Men  
Alleged to Be Guilty of  
Breaches of Provincial Act

As a result of investigations and reports from departmental officials, Attorney General Hogg has retained Mr. W. C. Moreby, barrister of this city, and deputed that gentleman to Cumberland, there to represent the crown in proceedings under the Coal Mines Regulation Act against both the Canadian Collieries Ltd., and a number of that company's employees, the two parties being alleged to be jointly and equally responsible for certain violations of the eight-hour clause of the act.

Yet more serious action is also being taken against one D. Farmer, a miner employed in the Cumberland colliery, whose arrest has been ordered on the charge of manslaughter, and who will appear for preliminary hearing before the magistrate at Cumberland, Mr. Moreby representing the crown.

Farmer is held to have been criminally responsible for the death of a Chinaman known as Chu Chee, through neglect of regulations specifically insisted upon by the act in the giving of due warning before the firing of a shot. In order that miners engaged in other contiguous workings may not be endangered.

In the case upon which proceedings are now being taken, Farmer is said to have fired a shot without warning to the Chinese miner on the other side of the wall, with the result that Chu Chee was crushed by the coal and killed by the concussion, and fatally injured.

The charge of manslaughter will, it is expected, be presented for trial at the assizes opening here on the 27th instant.

So soon as Dr. Pagan is restored to health, this tribunal will be formally constituted and assume the duties assigned to it.

On Wednesday the wedding took place in Winnipeg of Mr. Richard Hartcliffe Taylor, of the Drake Hardware company, Victoria, and Miss Annie Winterbottom, only daughter of Mrs. M. Winterbottom of Winnipeg. The ceremony was performed by Rev. R. C. Johnstone. The bride, who was given away by her brother, Mr. Samuel Winterbottom, was attended by Miss Thelma Timms, and Mr. Thos. Taylor acted as groomsmen. The ceremony was followed by reception at the home of the bride's mother after which the happy couple left for Chicago and New York. They will reside in Victoria.

An interesting wedding was solemnized on April 30 in Nashville, Tennessee, when Mr. Albert Thomas Shaugnessy, son of Sir Thomas Shaugnessy of Montreal, and Miss Sarah Polk Bradford were united in the bonds of matrimony. The bride is a daughter of Judge G. Bradford, a foremost member of the Nashville bar, and on her maternal side a descendant of the famous Polk family that distinguished themselves in the history of the State as officers in the Confederate army and as Episcopal bishops. The ceremony was performed at "Woodstock," on the Bradford estate. Following the old country custom a handsome dowry was settled on the bride. The marriage was the happy culmination of a pretty romance begun in Paris some years ago, where the groom first met his future bride, who was a schoolmate of his sister. The special carrying the bridal pair and the distinguished guests from the other side left for Montreal this morning after the wedding.

At the First Presbyterian manse last evening Rev. Dr. Campbell celebrated the marriage of Mr. George Frederick Sutton, of Victoria, and Miss Wendoline Violet Ford, also of Victoria. The bride was accompanied by Mrs. M. Potter and the bridegroom by Messrs. Francis Nobbs and Leslie Sutton. Mr. and Mrs. Sutton will take up their residence on Hulton street.

Parker, Geo. Bell, W. N. Mitchell, F. W. Davey, W. Beattie, Chan Yu Tan, A. Kato, W. R. Armstrong and T. Jamieson and H. T. Knott and A. J. McKenzie as alternates.

## NEWS SERVICE MAY BE INCREASED

President MacKay, of the Associated Press of Canada, Says Question Is Being Seriously Discussed

Mr. J. F. MacKay, managing director of the Toronto Globe, and president of the Associated Press of Canada, arrived in the city yesterday afternoon on a short visit of business and pleasure. One of his objects in coming to the Pacific coast at this time is to go in touch with the western newspapers with a view to discussing the necessity of establishing another service across the continent in order to institute a better exchange of news.

In conversation with a Colonist reporter in the Empress hotel last night Mr. MacKay stated that at the present time the question of another service to the west was being seriously discussed, and while he could not make any statement as to possible developments along this line he ventured the opinion that it would prove a great boon to the newspaper world of Canada.

"As president of the Press Association," he said, "it is my business to investigate the conditions here and report back on my return. At present I am rather unfamiliar with the conditions, not having been in this part of the Dominion for the last seven years, but I am prepared to meet the newspapers of the province and hear their views on the question."

## Advance of the West

On being asked if in the event of the western end of the line evolving as much anxiety and eagerness as the eastern end for the establishment of the news service, he would not be taken aback with a view to meeting the requirement, Mr. MacKay replied that while he was not in a position to make any definite statement, such a condition would go a long way towards bringing the subject prominently to the fore.

"Down in Toronto and Montreal the feeling is very strongly in favor of another service," he said, "and I would not be surprised to find, on that agitation being backed up a similar expression in the west, that the present news service would speedily be augmented."

The ancient craft of soldering is simplified  
by **Fluxite** (Reg.)  
the paste flux

Fluxite is my name & I'm proud of my reputation. The "Big Wigs" in Government Works speak well of me. I am the paste flux that solders even dirty metals without cleaning. For Plumbing, Electrical, General soldering work I am unequalled. Let me be your friend. I do dead jointing with only a blow lamp & without solder. With me Brass Unions & Japs are tinned without first being cleaned. (Signed) Fluxite

**SOME OF ITS USES AND ADVANTAGES**  
NO PREPARATORY CLEANING is required on metals such as Brass, Copper, Zinc, Tin, etc. Dirt, grease and even paint need not be cleaned off, but sand or scale must be removed. The tinning of Plumbers' Brass is done without first filing or cleaning the brass.  
LEAD JOINTING is done without solder, and merely by the use of a blow lamp or the like. The joint is superior to that made with the hydrogen flame, and the nature of the lead is not affected.

NEWS OF THE CITY

**Charged with Theft**—William Johnson was charged before Magistrate Jay with stealing brass from the burned premises of the Canadian Puget Sound Lumber company and was remanded until today.

**Companies Struck off Roll**—Some twenty-four hundred named companies incorporated under the Imperial Companies act, 1892-93, will be struck from the B. C. register on the 9th July next if they have not previously complied with the requirements of the act.

**Queens Hospital Directors**—Mr. J. L. Hill and J. P. Davis have been named by the government as official members of the board of directors of the Queens general hospital for the twelvemonth ending the 30th April next.

**Authorized For Province**—The superintendent of insurance has authorized the transaction of business in British Columbia by the Federal Life Assurance company of Canada and the Northwest Fire Insurance company, both under license as required by the statute of 1910.

**Assisted School District**—The council of public instructions having decided to establish a new assisted school at Killarney, in the Kamloops division of Yale district, the current issue of the provincial Gazette contains a specific re-definition of the boundaries of the new school district.

**Officials Named**—Notice is given by the registrar of joint stock companies for the province of the appointment of Mr. William J. Watson, of Ladysmith, as attorney for the Tye Copper Co., Ltd., and also of the appointment of Mr. Alfred Shaw of Vancouver, as official liquidator under the winding-up act for the Anchor Investment Co., Ltd.

**Ask For An Audit**—A delegation of three representative citizens of South Vancouver yesterday waited upon Attorney-General and Acting Premier Bowser to present a petition and request of the municipality for an independent government audit of the district's financial affairs during the past few years. The request will be made to a commissioner named under the public inquiries act.

**Vancouver Hospital Inquiry**—His honor the lieutenant-governor-in-council has been pleased to appoint Mr. Robert Wetmore Hanington, barrister-at-law of Vancouver city, a commissioner under the public inquiries act to fully investigate and report upon conditions existing in the Vancouver general hospital. Commissioner Hanington will hold his first sitting in the supreme court room of the Vancouver court house on Monday, the 15th inst., at 10:30 a.m.

**W. C. T. U. Meeting**—The regular monthly business meeting of the W. C. T. U. was held yesterday afternoon with the president, Mrs. Willacott, in the chair. There was a good attendance. Among the matters brought up for discussion was that of the new men's mission which the union hopes to be able to build in the not too distant future, as the present building on Store street is inadequate for the missions needs. Miss Dorman, matron of the mission, gave her report, which recorded another month's good work and several other matters of minor importance were also considered.

**Y. W. C. A. Musical Evening**—There was a large attendance at the excellent musical evening held at the Y. W. C. A. last evening, under the auspices of the young people's association and literary society connected with the association, of which Mrs. Bromley Jubb is president. The chair was taken by the president of the board of managers, Mrs. Frank Adams, who opened the proceedings with a short speech about the proposed new building. Among those contributing to the programme were Miss Griffiths, who sang "Angus Macdonald"; Miss Collins, who gave a pianoforte selection, "Second Mazurka"; Miss Gladys Steinmetz, who recited very well indeed for so young a lady; and several others including "The Inventor's Wife"; Mr. Dalzell, who sang "The Bandolero"; and others. At the close of the programme refreshments were served and much appreciated.

**Gift To Public Library**—The latest additions to the books of the public library are a handsome gift from Mr. A. W. Vowell, of this city. These include twelve volumes of "The Oriental Series," relating to Japan and China, beautifully bound and illustrated; twenty volumes of the "University Classics," also in good bindings; and ten volumes of a "Nature Library," dealing with the flora and fauna of the North American continent by standard authorities, including a treatise on fishes by Professor David Starr Jordan, "Modern Airbrakes, Their Use and Abuse" by E. H. Duke-Smith, illustrated. Altogether this is a very valuable set of works for the readers of Victoria, and one for which they will owe much to the generous donor.

**New Companies**—Among the new provincial joint stock companies to which certificates of incorporation have been issued by Registrar Whiteside during the past few days are the Armstrong-Okanagan Land Co., Ltd., Auto Transfer Co., Ltd., British Columbia Syrup Refining Co., Ltd., Central Island Power Co., Ltd., Chas. B. P. Ltd., Co. Ltd., Confederation Investment Co., Ltd., Continental Development Co., Ltd., Hastings Sash and Door Manufacturing Co., Ltd., Kerrisdale Lumber Co., Ltd., Ladner Investment and Trust Corporation Ltd., Macdonald's Ltd., Marsh Creek Trading Co., Ltd., National Loan and Investment Co., Ltd., National Mortgage Co., Ltd., New Method Laundry Ltd., Parsons Bridge Syndicate Ltd., Pennock and Godfrey Co., Ltd., Prince Rupert Fisheries Ltd., Rupert Compositum Ltd., San Juan Packing Co., Ltd., Sierra-Carex Co., Ltd., Stone, Lumber and Shingle Co., Ltd., Trans-Canadian Lands and Financial Corporation Ltd., and Your Co-operative Investment Co., Ltd. The new by licensed or registered extra-provincial companies include Beiding Paul Corticelli Ltd., Mazawattee (Export) Co., Ltd., Sakakoto Milling Co., Ltd., United Cigar Stores Ltd., Lindsay Bros. Co., Ltd., New York Ladies' Tailors Co., Ltd., Grinstein and Koppel-Arthur Co., Ltd., and Wharton Flour and Feed Co.

**Will Leave City**—Daniel P. Green, who was remanded from the previous day on the charge of threatening his wife, having agreed to leave the city and go to live with a sister living near Cincinnati, was dismissed by Magistrate Jay on that understanding.

**Fenian Raid Veterans**—The following names have been added to the list of those entitled to the grant to be given by the government for Fenian raid veterans, compiled by the Imperial Veterans' association: W. Davies, J. Graham, Jas. Keown, Geo. Tate, M. Beck and T. Hallett.

**Dog Case Remanded**—Sam Watt, of Victoria, West, who is charged with keeping a vicious dog was remanded in the police court until today, after taking the evidence of Mr. Davy, who works at Russell station, and deposed that he was bitten by the dog some months ago.

**Libel Case Remanded**—The charge brought against Philip R. Smith, publisher of a fortnightly publication, by Miss Nellie A. Glassford, of defamatory libel, by alleging that gambling was carried on at the Dunsmuir rooms, was remanded until Monday morning by agreement between the parties.

**City Annual Reports**—The annual reports of the various civic departments have been printed and copies of the same can be secured from the office of the city clerk. The volume is a voluminous one, yearly increasing in bulk. All information relative to the work of the various departments for the year 1911 is incorporated in the publication.

**Building Permits**—Building permits were issued yesterday by the building inspector to Mr. J. B. Baker, dwelling on Hamilton street, to cost \$2500; to Mr. A. E. Sillick, dwelling on Fifth street, \$1900; to Mr. F. P. McConnell, dwelling on Quadra street, \$7000; to Mr. P. Lawrie, dwelling on Suffolk street, \$3500; to Alderman J. Dilworth, additions to dwelling on Simcoe street, \$600.

**Street Improvements**—Among local improvement works which will come up for consideration at tonight's meeting of the streets committee will be the paving with asphalt of Lewis street from Dallas road to its northerly limit; the paving with asphalt of Belleville street from St. John street to Main street; the paving of Dallas road from Erie street to St. Lawrence street. In each case the city will contribute one-fifth of the cost.

**St. Paul's W. M. E.**—On Wednesday afternoon the women's missionary society of St. Paul's Presbyterian church entertained the ladies of the congregation in the lecture room of the church. After a short programme, which was much appreciated by those present, refreshments were served, and a friendly social hour spent. The opening prayer was led by Mrs. D. MacRae. The programme was as follows: Solo, Miss Peatt; paper, "Prayer and Giving," Mrs. J. B. Gordon; solo, Mrs. Bingham; recitation, Mrs. McCoubrey.

**Charged With Fraud**—Arrested on a warrant issued on December 16 last, Edward Simpson was brought before the police magistrate for the city police court yesterday morning charged "that, with intent to defraud a creditor, the Vancouver Island Coal company, he did unlawfully make an assignment of certain of his book debts, against the form of the statute in such cases." Simpson, who was one of the partners in the coal company, recently returned after an absence from the city. He was remanded until Thursday next on bail of \$2000. Mr. George Morphy appeared for the defence.

**Will Discuss Bridge**—A public meeting to discuss the proposition of the erection of a bascule bridge between Laurel Point and the former Songhees Indian reserve will be held next Tuesday evening at 8 o'clock in the council chamber at the city hall. The various organizations, special committees of which have been appointed to prepare the requisite data relative to the bridge, have finally completed their work and the coming meeting will be given an opportunity of hearing the subject discussed with the complete information secured by the joint committee. Residents of Ward Five and Victoria West are particularly invited.

**Security Furnished**—In the action brought by Mr. R. G. Barnum, the hypnotist, against Mayor Beckwith and Chief of Police Laidlaw, security for costs has been furnished by the plaintiff. Yesterday his solicitors, Alkman and Austin, supplied the following statement of claim to the officials named: Total receipts refunded to those who paid admission to the theatre on the night of March 7, when the first arrest was made, \$390.50; loss occasioned by not being able to give a performance on March 8, \$493.25; loss sustained by being deprived from filling engagements in other cities because of their being held here for trial, approximately \$9118.25; loss sustained in Victoria for the reason of being prevented by the police from giving performances, \$5000, and by way of damages for wrongful arrest, assault and imprisonment, \$10,000. The trial of the suit will probably take place next month.

**Good Templar Anniversary**—The 35th anniversary of Triumph lodge, No. 16, I. O. G. T., was celebrated on Wednesday by a supper and concert in the Soldiers' and Sailors' Home, Esquimalt. A large number sat down to supper, which was daintily prepared by Mesdames Parkinson, Filler and Hicks, after which the hall was prepared for the concert, which commenced shortly after 8 o'clock. Rev. C. M. Tate, grand clerk, occupied the chair and referred to the fact that the charter of Triumph lodge was originally granted by the Grand Lodge of England and afterward transferred to the Grand Lodge of British Columbia. Vocal music was rendered by Misses E. Palmer, Miss Stewart, Miss McEachern, Miss Livingstone, Mrs. J. P. Hicks and Messrs. Spouse and Craig; recitations by Mr. A. Semple, and Mr. Jesse Loughfield de-lighted the audience with his violin solos. During the evening Rev. T. W. Gladstone, grand chaplain, gave a short address on the benefits to be derived by total abstinence.

While returning to Grand Forks from Cheasaw, a motor car driven at high speed by J. Loundagin, went over the embankment near Mynester, Loundagin receiving injuries from which he died a few hours later. His wife, who was in the car, escaped unhurt, but one arm broken, and other occupants of the car sustained minor injuries.

### NEWS OF THE CITY

**Contracts Awarded**—Contracts for supplies for the Provincial Home at Kamloops have been awarded to J. H. Bell, meats; J. H. Clements, drugs; Burris Bros., clothing; Wilson's Cash Grocery, groceries; J. L. Gordon, undertaking; and B. M. Tisdall, bread.

**Hospital Mass Meeting**—It is hoped that all interested in the plans now on foot to provide Victoria with a new hospital, will attend the mass meeting to be held in the Y. M. C. A. auditorium this evening, under the auspices of the W. A. to the Jubilee hospital. The chair will be taken by the president, Mrs. Harold B. Robertson, who will be supported by Mr. Leonard Tait. The meeting will open at 8 o'clock. All city clergymen and representatives of all local societies, trades unions and orders are extended an invitation. Letters were sent out all these, but from some cause a number appear not to have been delivered.

**Agriculture in North**—Mr. W. E. Scott, Deputy Minister of Agriculture, having completed his tour of inspection in the Queen Charlotte Islands, has left by the steamer Rover for the Naas river valley. Road Superintendent R. R. O. Jennings accompanying him. The Rover will take the party up the Naas as far as Fishery Bay, where they will transfer to the launch Knox, which will carry them to Guinness. Thence they will proceed as far up stream as possible in canoes. The intention of Mr. Scott and his party is to voyage up the Naas to the headwaters of the Kitsumkalum, and follow that valley down to the Skeena along the Telegraph trail, which also is the surveyed line for a branch of the Grand Trunk Pacific.

**Coal Mines Examination**—Notice has been given by the Provincial Department of Mines that the following gentlemen will constitute the board of examiners for coal miners in the vicinity of the Princeton Collieries for the unexpired portion of the current year: Representing the owners, Mr. Robert Gourlay; alternates, Mr. Michael Louden and Wm. Forsyth; and secretary, Mr. Arthur W. Courtney; representing the miners, Mr. John Miller; alternates, Messrs. David Forsyth and Henry Fox. The attention of mining men throughout the province is again directed to the fact that all British Columbia Free Miners' certificates expire with the current month, and that holders of these will be well advised to secure renewal on or before the 31st instant.

**No Mounted Force Needed**—In reference to the report current in various western newspapers that the scope of the Royal Northwest Mounted Police is likely to be extended shortly to embrace British Columbia, under an agreement with the provincial authorities, the attorney general's department gives a categorical and specific denial. Such proposals have from time to time been advanced, but upon each occasion it has been felt that the system of the R.N.W.M.P. and the use of mounted men generally is inapplicable to the special conditions of this province and its territory. The members of the R.N.W.M.P. have frequently served on the provincial force and with no more general satisfaction than given by other members of that body.

**Formal Opening of Bridge**—It has been officially decided that the formal opening of the new trans-Columbia bridge at Trail, B.C., will take place on the 24th instant. Hon. T. A. Taylor, minister of public works, having been asked to take a principal part in the ceremony. The Trail board of trade will tender a complimentary luncheon to the invited guests, whom it is expected will number about 40, including members of the provincial cabinet, the mayors and presidents of the boards of trade of Nelson, Kamloops and other interior cities, and representatives of Salmon, Erie, Fruitland, Columbia, Kamloops, Nanaimo and Penticton. It was the intention to have had Premier McBride formally open the bridge, but a telegram from the first minister conveyed the intimation that he will not have returned from London in time for the ceremony.

**School Bylaw**—The school board decided at its last meeting to approach the city council with a view to having the raising of \$115,000 on debenture stock, submitted at an early date as possible. The chairman, Mr. George Day, and the building and grounds committee of the board were appointed a committee for this purpose. In regard to the general health of the school system it was reported by Dr. Rayner that conditions were good, there being very little disease, a few symptoms cases being all that could be mentioned. He recommended the purchase of a vacuum cleaner in order to counteract the effects of dust. The secretary's report showed that the expenditure up to the end of April amounted to \$18,207, as against \$14,000 appropriated. The offer of Miss Frances Hallam, of the Women's Canadian club, to assist the board in carrying out any patriotic demonstration in connection with the celebration of Empire Day was accepted with thanks.

**Hearing Adjourned**—Hon. W. R. Ross has adjourned until June 15 the further hearing of the dispute which has arisen between the Pine Creek Flume Co. Ltd. of Atlin, on the one hand and the Pine Creek Mining Co. Ltd. and B. C. Gold Mining Co. Ltd., on the other hand with reference to water supply. The plaintiff company, which was represented at the hearing by W. M. McKee of Vancouver, claims that there is available in the creek much more water than the 17,000 miners' inches to which the other companies are entitled. This contention is disputed by the Messrs. Bodwell & Lawson, the representative of the other company. At the hearing before Mr. J. F. Armstrong, the chief water commissioner, a decision was given against the Pine Creek Flume Co., whereupon an appeal was taken to the minister himself. Mr. Ross after hearing both sides came to the conclusion that he should have further information, and will send an expert to examine the creek and report to him personally.

**Nanaimo Land Registry**—The question of securing a land registry office for the City of Nanaimo is to be reopened as soon as Premier McBride returns from the old country, when a delegation from the City will visit Victoria with the object of presenting arguments in support of their application for the consideration of the prime minister.

**Inquiry Closed**—The commission of inquiry which Mr. W. A. MacDonald, M. C., has been holding into the state of affairs in certain properties in North Vancouver and Point Grey comes to a close today. Opportunity is to be afforded anyone, either personally or by counsel, to advance any argument why the government should not enforce the provisions for the revision of the Crown of every fourth lot of the subdivision affected by this inquiry.

**Plans Deposited**—There have been deposited with the minister of railways for the province, in accordance with the requirements of the railway act, plan and profile of a proposed crossing over the tracks of the C.P.R. Co. by the Canadian Northern Pacific railway, between New Westminster and Chilliwack, together with plan and profile of interlocking plant at the same point between Young Road and Yale Road station. The approval of the minister has been given in both instances.

**Success of Hatchery**—Mr. R. T. Rodd, the officer in charge of the Dominion hatchery at Stuart Lake, Cassiar, has just returned to Victoria upon the completion of his season's work. His reports that seven million two hundred thousand eggs were taken and six and a half million fry released, which, while not the largest output of the hatchery, is regarded as a very satisfactory season's work. Eggs were taken last year from August 29, and the first of the fry released on March 26, being placed in the creek, where they will remain until July, passing thence down into Stuart Lake, Stuart River, Nechaco, the Fraser and finally the open sea.

**Corner Stone Laid**—The corner stone of the new provincial courthouse and public building at Revelstoke was laid with ancient Masonic rites last Saturday. Hon. Thos. Taylor being one of the chief speakers of the day, and Grandmaster. But to the hearing of a conspicuous part in the ceremony. One of the largest gatherings of citizens ever assembled at Revelstoke witnessed the ceremony. The public and high school pupils, carrying flags, the local Masonic lodge and government officials, with bands playing, marched to the courthouse site, where speeches were delivered by the mayor and the minister of public works, patriotic songs being given by the children. Hon. Mr. Taylor returns to Victoria tomorrow.

**Logging Contract Let**—A contract has been given to Messrs. Weiss Bros., an American logging firm, by the Canadian Pacific Lumber company of Port Alberni for the setting out of a large quantity of timber on the limits of that corporation tributary to the company's mills at the new Island railway terminal. The force of loggers at present employed is to be practically doubled and a logging railway running to the hills from three to five miles.

**Grant to Hospital**—Following up his promise, given during his visit to Merritt on the occasion of the opening of the Nicola Valley general hospital, Hon. Dr. Young, prior to his departure, has sent, transmitted to Mrs. R. F. Rankine, secretary of the Ladies' Auxiliary of the Nicola hospital, a cheque for \$1000. This money is to be used by the members of the auxiliary for the benefit of the hospital, in such manner as the ladies deem most advisable. The recipients very greatly appreciate not only the handsome contribution toward their good work, but equally the promptitude by which the ministerial promise has been redeemed.

### UNIVERSITY PLANS

Competition Extended Until November  
—Architects Practising in Province February 21 Eligible

At a meeting of the provincial executive it was decided upon the recommendation of the responsible minister to amend the instructions and regulations governing the competition for planning the Provincial University building by extending the time for the acceptance of plans to November 1 in this year.

It was also decided that any architect who was actually practicing in Canada on February 21 last, when notice of the competition was made public, shall be regarded as an eligible competitor.

The assessors to pass upon the plans submitted in this noteworthy competition will be the Hon. the Minister of Education, the president of the university, the chairman of convocation, two British Columbia architects who are not competitors, and Mr. W. F. Caroe of London, England.

### INCREASES PAY OF ISLAND ROAD GANGS

Workmen Will Get \$3 Per Day Instead of \$2.75—Oiling of Roadways Still an Experiment

Recognizing the increased cost of living at the present time on Vancouver Island, and having regard to the current standard of wage paid in private employment, the Public Works Department of the provincial government has decided to increase the scale of pay for road workmen on Vancouver Island to a minimum of \$3 per day, the rate of \$2.75 having heretofore prevailed.

With respect to the announcement credited to Hon. Thomas Taylor by various interior papers, to the effect that it had been determined to adopt the oiling system on trunk roads throughout the province, with a view of making the highways impervious to rainfall and alleviating the dust, it is stated officially that the minister has been somewhat misquoted.

While it has been decided to oil certain of the main trunk roads upon which experiments have been made during recent months, the suitability of the treatment to Vancouver Island roads has not yet been determined, and experiments as to the best method to be pursued in respect to these will probably be continued during the current season.

**Third Suicide in Family**  
ST. THOMAS, May 9.—The body of Mrs. James Wallis, a widow, 65 years old, was found in a well this morning. She had been ill, and her son had just arrived from Saskatchewan to take her back with him. This makes the third suicide in the family.

### POLICE ARE HOT ON TRAIL OF OUTLAWS

Avenues of Escape Have Been Closed and with Increased Force in Pursuit Captures Seem Certain

Telegrams from Police Superintendent Colin S. Campbell to the attorney general's department report that Messrs. Paul and John Spintum, Indian outlaws, are still successful in evading capture, although the police forces have been for three days past close upon their trail. It is believed that the outlaws are heading for the Chilcotin hills and that all avenues of escape have been closed.

Superintendent Campbell notes that great difficulty has been experienced by the police in securing suitable horses for the chase. They picked up one of the ponies of the hunted men, but it had evidently been abandoned and a substitution made by stealing a horse from the James' ranch.

### APPOINTMENTS TO PUBLIC SERVICE

Among the provincial public service appointments of the current week are those of Dr. Robert A. Mossman of Nakup, to be a coroner in and for the province; Mr. Hugh Bowden as the first police magistrate of the new city of Salmon Arm; James Hay and John Angus McLean, as clerks in the land registry office at Vancouver, and Messrs. John H. O'Keefe and George Flammank as clerks in the land registry office here.

Appointments dating from the 1st April last: Miss Agnes Moscrop Pattison as a stenographer in the land registry office, at Vancouver, her appointment dating from the 1st April ultimo; Mr. R. G. Chamberlin, of Vancouver, to be a warden in the provincial gaol at that city; Messrs. Frank Leslie Reynolds of Nanaimo, Richard Guy Mellin of Sooke, Charles Hicks-Beach of Hazelton, and James A. MacDow of Abbotford, as notaries public; Messrs. P. T. Toft, of Vancouver, as a commissioner for the taking of oaths under the Provincial Elections Act for the Vancouver city electoral district until the close of the present year; Mr. David B. Laster of South Fork George, to be a provincial medical health officer; Messrs. R. G. Smith and Walter Carter, to be convict guards in the provincial gaol here, upon appointments dating from the 1st ultimo; and Mr. Herbert Harris of Victoria, to be a legislative library from the 1st of last month.

### VALUABLE PRIZES FOR FIELD CORPS

Department of Agriculture Arranges Competition for Encouragement of Industry in Province

The provincial department of agriculture has decided to extend for one week, or until May 22, the time within which Farmers' Institutes may send in their entries for the present year. The time for receiving individual entries, June 15, has not been changed.

The competition will include twelve kinds of crops: oats, barley, wheat, peas, potatoes, turnips, rutabagas, carrots, fodder corn, kale, red clover and alfalfa.

There must be not fewer than ten entries for each kind of crop and no person may compete for prizes offered by more than one Farmers' Institute. There will be at least seventy-five dollars offered in cash prizes for each kind of crop.

## MATTERS OF MOMENT IN WOMEN'S REALM

Let in the Sunlight

Women are very slow to learn that the sun is the greatest health giver. No dangerous germ can live long in the sunlight. Yet there are thousands of housekeepers in Victoria who draw down the window shades as soon as the sunlight begins to fall into a room. The only exception is the kitchen, where the floors are bare or covered with some material that cannot be faded. The consequence is that many drawing rooms feel like cellars and that as soon as a bedroom door is opened a close unhealthy smell is noticed. The kitchen, itself is too often placed on the north side of the house so that it may be cool in summer. The closets in which are kept the clothes of food are sun proof. Yet people wonder that from time to time scarlet fever germs. They wash and clean diligently enough, but the sunlight, nature's greatest germicide, is not let in to annihilate tuberculosis exists among them or that the tubercles or to destroy the scarlet fever germs that continue to live even after disinfection in the seams of unsunned garments. Better replace faded carpets than pay doctor's bills, or worse still, be forced to send a loved one to the sanitarium.

The stranger who our roof has a right to a bedroom from which sunlight and fresh air have driven every germ which can cause illness. Not only should blinds be raised in the day time but the windows should be opened to allow the foul air which accumulates near the top of a warm room to escape. There are comparatively few houses in Victoria which are not large and airy enough to be healthy if only their owners would raise the blinds and open the windows. It is so much easier to prevent illness than to cure it. If sunlight and fresh air are requisites in a sanitarium, they are needed yet more in the home. The preservation of health is more important than the cure of disease.

### Precaution Taken

The Superintendent of Schools, Mr. E. B. Paul, last week sent a circular to the teachers of the public schools, reminding them of their responsibility for the conduct of pupils on the way to and from school, and calling attention to the danger of jumping on loaded drays or cars. It may, therefore, be taken for granted that the teachers will do all in their power to prevent the practice. If parents, whose interest should be much greater where little children are concerned, only do their duty the practice will be stopped.

### Julia C. Lathrop

The United States has established a Children's Bureau of the department of commerce and labor and placed at its head a woman. Miss Lathrop has proved her interest in children by her work for social betterment in Chicago. She was one of the assistants of Miss Jane Addams, of Hull House. Miss Lathrop is not one of those who look at one social problem from a distance and tries to remedy evils of whose causes and effects she knows and understands little. She is in the heart of the work because she loves the people who suffer in large cities and understands their ways. She is in the prime of life, having graduated from Vassar College twenty years ago. She has remarkable administrative ability and, as all students of present day conditions, seen in the degradation of the children the ruin of the country. To prevent injury to them by overwork, too low wages and improper conditions is the aim of the bureau. The business Miss Lathrop must direct is the collecting of information from all sources which has any bearing on the welfare of children and to circulate this throughout the country. Her appointment to such an important position is a real tribute to the ability of women to care for the children of the States.

### Friday's Meeting

On Friday night a public meeting is to be held to consider the hospital situation. This is not a woman's meeting. It is realized by the hospital workers that, if success is to be attained, men must be interested. Yet there should be a very large attendance of women at a meeting in which hospital matters are to be discussed. Though many women have not much money at their disposal, except that which they receive for household expenses, all have influence. More than that, the men-of-hospital appointments specially to them. Those who are frequent visitors or have been patients at the Jubilee hospital know well under what disadvantages nurses work in this building. That everything possible under the circumstances is done for every patient who knows the institution bear testimony. But there is no need here to set forth the many reasons why Victoria should have a new hospital. Those who have a perfect knowledge of all the conditions will speak at the meeting, and every one who can do so should be present to hear what they have to tell. The care of the sick is one of the most important things with which any community has to deal. Only the capacity of the Y. M. C. A. auditorium should limit the audience at the meeting on Friday to listen to plans for raising a fund to build a new and thoroughly equipped hospital. Citizens have here an opportunity to work together for the good of their city and everything that women can do to forward the project should be done promptly and heartily. The first step is the holding of a large and enthusiastic public meeting.

### Again the Haplin

Those who hoped that women had given up the practice of wearing long hampins must be vexed and disappointed as the season advances. In every street car the eyesight of some passenger is endangered by the steel point protruding from the crown of a ribbon string of our grandmothers. The sooner the better, unless some safe substitute for the hampin is found.

A few days ago a gentleman was so badly injured in Seattle by a hampin that it is feared he will lose his sight. The wonder is that such accidents are not frequent occurrences in Victoria. This is one of the evils which women need no help to reform.

### A Harmless Proceeding

The New York suffragists may do some good if by wearing inexpensive hats, they draw attention to the tyranny of the milliner. If women will sit down and consider how much more they pay for their head covering than the intrinsic value, plus a very liberal margin for the skill and taste of the designers and makers, they will perhaps think that a temporary boycott of expensive hats would do no harm. We all know that the making of artificial flowers is very badly paid and that one of the worst of the sweated industries is the manufacture of willow plumes. Neither ribbons nor the heads of willow hats are made ought to be expensive when the prices of labor and material are considered. There are hats of which the materials are really valuable and the ladies who have the money to pay for these have the right to do so. But to charge girls and women of very limited means many times the value of what is, in most climates, a necessary article of dress, is an injustice that should be remedied, and it may be that the New York suffragists have taken the first step in a needed reform.

The Kettle River valley construction gangs have reached Carmi. The Citizens' association of Hope has been re-organized with Mr. A. E. Raab as president.

A Vancouver jury has found Dominic Gentile not guilty of shooting with intent to kill Hoe Eposito.

## MANDOT EXPECTS TO BE CHAMPION

French Lightweight Believes Wolgast Has Been Best Days—Always Easy to Hit

CHICAGO, May 9.—Joe Mandot believes that he will be the champion of the world in the final round of the ladies' golf championship of the Pacific Northwest.

MR. M. W. TREAD, SEATTLE

Mr. Tread is among the visiting golfers who has qualified for the men's championship competition in the tournament now in progress here.

Heaves he will be lightweight champion of the world inside of a year's time.

The young Frenchman has figured out that he and Joe Rivers, the Mexican, will be the men to fight it out for the title.

This process of reasoning is arrived at because Joe has become obsessed with the opinion that Ad. Wolgast is all through as a champion because of his attack of appendicitis five months ago.

Mandot was in the city yesterday for an all-day stay. He came in early in the morning from Indianapolis and left at 7 o'clock last night for New Orleans, his home town, where he has to settle a little argument with Ray Temple next month. During his stay here he told all about his plans, his ambitions, his past, and all the rest of it. Most of Joe's talk is extremely interesting.

"I've sized up the situation in my division very carefully and have reached the conclusion that there are but three of us entitled to any consideration,"

he said. "I've sized up the situation in my division very carefully and have reached the conclusion that there are but three of us entitled to any consideration,"

## ALL AFTER THE AMATEUR TITLE

New Westminster Lacrosse Team Will Have Hard Time Holding Mann Cup Against Victoria and Vancouver

Will New Westminster be able to hold the Mann cup this year?

All lacrosse enthusiasts know that this trophy represents the Dominion's amateur championship. Most of the fraternally also are aware that in Vancouver and Victoria the clubs are mustering their forces with the avowed determination of filching it from the lads who wield the webbed sticks on the banks of the Fraser river.

That the aforesaid Royal City athletes do not easily relinquish their hold on anything they get has been demonstrated time and again, but perhaps never more strikingly than in the struggle for the Mann cup. There are men intent giving their rivals just as hard a fight for the amateur symbol.

So that Vancouver and Victoria will have to hustle if they seriously contemplate carrying out their published design.

A Grim Struggle

Enough has been said with regard to this year's Mann cup competition to assure a grim struggle between the three for its possession. In Vancouver the amateur stick-handlers have been assembled for several weeks, and they are reported, according to the mainland press, to have been out for practice frequently. It is impossible to say how the twelve will take the field, but it seems a certainty that the under studies of Con Jones' all-star bunch will be a formidable outfit from an amateur standpoint. They are said to be an improvement over the 1911 club, as the material available for selection purposes has been augmented to a considerable extent during the off season.

## There's Comfort for The Children in These Cool Cotton Dresses

The warm weather has really come now but it's all the same to the children. Their superfluous energy must find an outlet and they will rush about and get hot. Keep them as cool and comfortable as possible by clothing them in sensible garments. There are hundreds of dainty but inexpensive cotton dresses on our first floor and they are strongly made, too. Any child from age 1 to 16 can find a becoming frock from such a collection. Come in today and see them. Prices range according to size and finish, from \$4.75 to 85¢.

## Extra Quality Ribbon

Many times we have heard the complaint that it has been so difficult to get a really good serviceable hair ribbon, one that won't split after a week's use. The new silk taffeta ribbons we have just unpacked are the best quality made and are specially suitable for hair ribbons. All the most popular plain shades, 6 inches wide, per yard 50¢.

Today We Are Displaying Our First Large Shipment of

**"VIYELLA"** DELIGHTFUL DESIGNS

Viyella is known the world over as the standard of excellence in flannel. Not only is the excellence of quality remarkable, the beauty of the designs and the harmony of the colors are also points in which "Viyella" stands easily first. The demand of Victoria ladies for the best has decided us in giving "Viyella" a permanent place on our shelves.

The range of patterns is so wide and so varied that for Suits, Shirts, Blouses, Pyjamas or indeed, for anything which can possibly be made of flannel, you will find appropriate beautiful designs. It is 31 inches in width, there are 52 different patterns, but ONLY ONE QUALITY AND ONLY ONE PRICE.

## FINALS IN GOLF CHAMPIONSHIP

Ladies Play This Morning on  
Oak Bay Links—Men Are in  
Semi-Finals—Some Close  
Matches Yesterday

The two outstanding features of yesterday's play in the championship meeting on the Oak Bay Links were, first, the defeat of Mr. J. S. Matterson at the hands of Mr. R. N. Hincks in the Pacific Northwest championship and that of Miss N. Combe in the second round of the ladies' championship, in which she was defeated by Miss Y. Pooley by four up and three to play.

Many a man, as he watched, must have envied the persistent length of Miss Combe's tee shots and the ease of her swing, but though Miss Pooley several times got into difficulties her determined approach and more accurate putting enabled her to take the lead early in the match and finally to win on the fifteenth green by three holes.

Mrs. Ricardo had little difficulty in winning her match against Mrs. Bird by five up and four to play, and Mrs. Kenna and Mrs. Hulekamp, both of Seattle, won their games against Mrs. Hilton of Tacoma, and Mrs. Irving of Victoria in each case by four up and three to play.

In the semi-finals Miss Pooley had little trouble in beating Mrs. Kenna by six up and four to play, and Mrs. Hulekamp lost her game on the eleventh green to Mrs. Ricardo, but although the loser never succeeded in winning a hole her driving improved to the end, which promises well for her play in future seasons. The two Victoria ladies will play for the championship today.

### Men's Championship

In the third round of the men's championship Mr. Ricardo had a hard fight with Mr. D. A. Martin, but succeeded in beating his opponent by one hole. Mr. Arbuckle won from Mr. Yellowleaves of Vancouver by five up and four to play, and later in the day Major Mills fought Mr. J. E. Wilson hard all the way before finally succumbing on the seventeenth green.

The match between Mr. J. S. Matterson and Mr. J. N. Hincks naturally evoked the keenest interest. The former had been picked as likely winner from the very first, and Mr. Hinck's hard-won victory over a golfer of Mr. Gourlay's class the day before augured well for his chance in a prolonged struggle. And that was exactly what lay before the players. The game was all square at the twelfth hole and again on the eighteenth, but on playing to the nineteenth Mr. Matterson's second shot with his cleek just failed to carry the bunker and Mr. Hinck's pushed into the semi-final where he meets Mr. Wilson today. Altogether it was a day of interesting golf, and the putting competitions attracted crowds of players and spectators who arrived in even larger numbers as the afternoon wore on.

### Today's Play

This morning the difficulty will be to know which events to watch. The open championship for amateurs and professionals starts at 8.30 a. m. The men's P. N. W. championship semi-finals at 9. The men's flights follow at 9.30. The ladies' final for the championship at 10.00, and then at 10.30 the committee have arranged for the start of the ladies' flights. The open championship entries include a representative body of Pacific coast professionals and several of the leading amateurs from the various clubs. The competition will be medal play for two rounds of 36 holes each, the second of which will take place Saturday.

Yesterday's results were as follows:

**Men's Championship, 3rd Round**

## Douglas Street

The main trunk road and civic centre of Victoria is to be widened and paved to the city limits.

Property values along this street the whole length will advance considerably this summer.

We have three good lots with 40 feet frontage for sale at the low price of \$125 per front foot.

They are close to the junction of Burnside road and Douglas street which will ultimately be a very important centre, and an excellent business location.

There are opportunities now for Grocery, Hardware, Butcher Shop, Paint Shop, and a good rental can be realized by building a moving picture theatre at this spot. We can give easy terms on these.

## Pandora Street

will soon be the direct avenue between Oak Bay junction and the city hall. Property values will double on this street. We are authorized to sell the following properties. They are choice pieces and will prove money-makers.

30 x 120 between Blanchard and Quadra, running through from Pandora to Mason. Easy terms can be arranged on this. Price per front foot.....\$800

60 x 120 between the Christian Scientist church and a new two-storey brick block now in course of erection. Quarter cash, balance long time. Price per front foot.....\$700

### MADE ON HONOUR WILSON'S INVALIDS' PORT WINE

(A la Quina du Pérou)

has earned the enviable reputation it enjoys fairly and squarely, because—

Only the finest and best Spanish Port Wine is used in its preparation, notwithstanding the enormous increase in the price of wine.

The Peruvian Cinchona Bark used is selected and analysed by expert chemists who certify that it contains the necessary full percentage of alkaloids.

Extreme care is taken to preserve the original distinctive "body and flavor" of the wine, and the purity of the ingredients.

Absolutely no alcohol or other ingredients are added.

All this costs more in time and money than actually needs to be spent—but WILSON'S Invalids' Port is made up to a standard, not down to a price.

It is recommended and prescribed by some of Canada's most eminent physicians, and it is carried in stock by every druggist.

Why, then, do certain unscrupulous dealers sell some of the imitations offered on the Canadian market, and say "just as good"?

Are they acting fairly and squarely?

Ask them the reason for the piracy!

To protect you against these worthless imitations, the labels and wrapper used on WILSON'S Invalids' Port are registered at Ottawa; to imitate them is—*forgeries!* Ask for WILSON'S Invalids' Port Wine (à la Quina du Pérou), and look for the facsimile signature *Robert Baldwin* on every genuine bottle.

## SADO MARU WAS DAMAGED

Japanese Steamer Was Flooded in Storm, Decks and Upper Works Were Injured—Sanuki Maru at Quarantine

Advises received from Japan yesterday state that the steamer Sado Maru, of the Nippon Yusen Kaisha line, had a very rough passage from Victoria to Yokohama, which port was reached three days behind her scheduled time. The Sado Maru, which left Victoria on March 25 last, ran into heavy weather soon after commencing her voyage. The decks of the Japanese liner were damaged, especially on the starboard side. The dining saloon was at one time flooded to a depth of five feet. The steamer had on board about 50 passengers, including Mr. T. Ivenaga, Japanese professor at Chicago University; also 6000 tons of cargo, some of which has been damaged by sea water. Captain Tittle, surveyor to Lloyd's agents, proceeded on board the steamer on arrival to investigate the damage to the hull and cargo.

### Will Arrive Today

The Sanuki Maru, of this line, which was scheduled to reach port yesterday from the Orient, reached William Head quarantine station last night too late to pass quarantine, and will dock at the outer wharf early this morning. The steamer has 156 passengers, including 111 Chinese, to disembark at this port, and will discharge 450 tons of general freight here.

### Liners Expected

The Bellerophon, Capt. Bebb, of the Blue Funnel line from Liverpool via the Suez and the Orient, is expected to reach port today or tomorrow, and the R. M. S. Empress of India, Capt. Beetham, of the C. P. R., is expected in port tomorrow from the Orient.

### Lands Engineer

The British steamer Clan McIvor, which loaded a cargo of flour and general freight at Portland for the Orient in the Waterhouse line, called off the outer wharf yesterday afternoon en route to sea after loading bunker coal at Nanaimo to disembark her fourth engineer, Mr. Walsh, who was landed for hospital treatment. He was brought ashore in a launch and taken to St. Joseph's hospital.

### Steamers Due

The steamer Abessinia, of the Kosmos line, is expected from Hamburg via South and Central America to discharge 300 tons of nitrate for the Victoria Chemical Works, and the steamer Itala is coming from San Francisco to load bunker coal for a voyage to Australia with lumber.

### Craftsmen Leaves

To load wheat, lumber and general freight for Balfour, Guthrie & Co., at Seattle, the steamer Craftsman, of the Harrison-Deane line, passed over to

the Sound yesterday from Nanaimo. The Craftsman will load outward for the United Kingdom at Tacoma about 2000 tons of wheat, 1,000,000 feet of lumber and a large quantity of general freight.

### SCHOONER ASHORE

Jefferson Reports Unknown Fishing Vessel Was Stranded on White Cliff Island

Reporting an unknown fishing schooner ashore on Whitecliff Island, the steamer Jefferson arrived in Seattle this morning. No details were obtained regarding the schooner's plight. She was not flying distress signals and the Jefferson passed her without speaking her. As there is a large fleet of power fishing schooners in Southwestern Alaska waters the name of the craft aground on Whitecliff Island cannot be determined from the meager description given by the Jefferson.

### From San Francisco

The steamer Umatilla, of the Pacific Coast Steamship company, reached port last night from San Francisco with a good complement of passengers and 570 tons of general freight for local consignees.

The steamer Princess May, Captain McLeod, left the C. P. R. wharf last night for Skagway and way ports. The steamer took a fair cargo of general freight and about 30 passengers from Victoria. A large number were booked to embark at Vancouver today.

### TO SALVE FREIGHTER

Syndicate in Australia Buys Wreck of Knight of St. George and Will Salvage

A syndicate has been formed at Sydney, N. S. W., to salvage the British steamer Knight of St. George, which went ashore on a reef off Nukuniofa, Tongan Islands, some months ago. The syndicate bought the wreck at auction and has sent a small vessel to the scene. When the steamer went ashore she was abandoned as a total loss and Captain Stephens was of the opinion that the vessel could not be floated. Some of the cargo of lumber which the vessel was carrying from Puget Sound to Australia was saved.

### Vadso Goes North

The steamer Vadso, of the Boscowitz Steamship company, Captain Noel, left Evans, Coleman and Evans wharf last night for Naas, Granby, Prince Rupert and other ports of call in northern British Columbia waters. The steamer took a big cargo of general freight, including a large amount of cannery supplies.

### Indore Strikes East

WASHINGTON, May 9.—The British steamship Indore, of Liverpool, is stranded on French Reef, Florida Straits, and the revenue cutter Yamato and Forward are going to her assistance, according to wireless advices received here. The Indore is a vessel of 4775 tons.

Bascule Bridge operated by electricity.

The accompanying illustration shows a type of bridge which might be employed with success as the structure to span the waters of the inner harbor from the Songhees Reserve to the foot of Montreal street.

The bridge shown in the picture has just been completed at Kansas City and spans the Missouri river. It has a draw that lifts bodily into the air to let vessels pass, instead of tilting up at one end like the rolling-lift bridges, or swinging outward on a pivot. Popular Electricity, referring to the bridge in a recent issue, said:

"Next summer Kansas City will dedicate a new bridge across the Missouri river, which will be remarkable not only for its size (having the longest riveted span yet built), but

even more so for the quickness with which it can be placed in position to allow vessels to pass. The upper deck is wide enough for two street cars, two teams, and two walks abreast each other, and is stationary. Below it is a double-tracked railroad deck which can be raised by means of electric motors so as to clear the river steamers. This movable deck weighs 1,500,000 pounds, but the counterweighting and the lifting apparatus have been so cleverly designed by the engineers, Waddell & Harrington, that it will take only 50 seconds to raise or lower this deck. Even at high water, the bridge will give a clearance height of 55 feet when the lower deck is raised, and the delaying of trains by their being bridged will be reduced to an almost negligible amount."

## HAS TRIAL

New Turbine Steamer of C.P.R. for the Vancouver-Nanaimo Route Made Successful Cruise in Straits Yesterday

DEVELOPED GREAT SPEED DURING RUN

Fast Vessel Made Over 21 Knots an Hour on Measured Course—Will Start Service From Nanaimo Tomorrow

Fastest of the coasting steamers on the Pacific Ocean, the new C. P. R. steamer Princess Patricia, which is to leave tomorrow morning to enter service on the Vancouver-Nanaimo route, had a successful trial trip yesterday afternoon, and many Victorians were the guests of Mrs. Troup, wife of the superintendent of the B. C. coast steamship service of the C. P. R., for the run to Race Rocks, and from there over the measured course to Trial Island and back.

The fast steamship, which was recently equipped with oil-burning apparatus by the Victoria Machinery depot, made a speed of over 21 knots an hour, and when the oil-burners have been adjusted better the engineers expect to get over 22 knots an hour from the speedy craft.

With bunting flapping from her masts and all flags flying, the Princess Patricia, the first turbine steamer to enter the British Columbia coastwise steamship service, left the C. P. R. wharf at 4 p.m. yesterday afternoon, and, with a foaming track left by her three propellers, she steamed at a speed of between 18 and 19 knots an hour to Race Rocks, and was then put about and sent over the measured course, making 21 knots. Capt. Neroutos, assistant to Capt. J. W. Troup, was in command of the steamer, and with him on the bridge was Capt. J. T. Walbran, of the department of marine and fisheries, and Capt. Basil Combe, of the cable repair steamer Restorer. The trip was a most enjoyable one, and all on board spent a most enjoyable time on the cruise.

On the return voyage tea was served in the dining room, where Mrs. J. W. Troup acted as hostess, and Capt. Troup proposed a toast to the new steamer, named in honor of the fair daughter of Canada's royal governor-general. He said that all knew it was the custom to break a bottle of champagne over the bow of a new steamer when she was launched, but as this could not be done in this instance, those present could drink a health to the Princess Patricia. The modesty of Capt. J. W. Troup prevented him from dilating on the features of the latest addition to the splendid fleet of the C. P. R. on this coast, now numbering 25 vessels.

Hon. D. M. Eberts, who said it gave him great pleasure to rise to ask those present to drink a health to Capt. and Mrs. J. W. Troup, both of whom were so well known and highly respected in the community. All present appreciated their kindness in inviting them to attend on an auspicious occasion such as this was. Mr. Eberts went on to refer to the great advances in the fleet of the C. P. R. on this coast since Capt. Troup had taken charge of the service. He dilated on the great changes that had taken place in nautical affairs since he took up his residence here in the days when the old steamer Cariboo was considered the finest specimen of marine architecture in these waters. There was a wide difference today, when the traveling public had opportunity to voyage on such palatial steamers as those which flew the C. P. R. flag. Those on board the Princess Patricia, he said, were on board the fastest steamer the waters of the Pacific, and he expressed his pleasure at being present on such an auspicious occasion. He asked all present to rise and drink a health to Capt. and Mrs. Troup.

Mr. D. W. Higgins, a pioneer of the province, supported the toast, complimenting Capt. Troup and the C. P. R. steamship company on the advances made. The C. P. R., he said, had converted Puget Sound into a Canadian lake with better success than Napoleon had in his efforts to convert the Mediterranean into a French lake.

The Princess Patricia, which will start service tomorrow, will leave Victoria at 4 a.m., and will make her first trip from Nanaimo at 8 a.m. tomorrow, carrying an excursion composed of members of the Nanaimo Board of Trade and others to Vancouver, from where many prominent citizens of the mainland port will sail on the return voyage.

The steamer is furnished in the same palatial manner in which all the C. P. R. steamers, which are the last word in comfortable vessels, are appointed.

Those who were included among the guests on board were: Hon. W. J. and Mrs. Bowyer, Chief Justice and Mrs. Macdonald, Mr. Justice and Mrs. Galther, Hon. and Mrs. D. M. Eberts, Mr. and Mrs. Crow Baker, Mr. and Mrs. Fletcher, Mr. and Mrs. John Arbuthnot, Mr. and Mrs. B. Heisterman, Mr. and Mrs. Henry S. Heisterman, Mr. and Mrs. D. R. Kerr, Mr. and Mrs. C. J. V. Spratt, Dr. and Mrs. Bechtel, Dr. and Mrs. Lenox, Mrs. Duncan Ross, Mrs. J. H. Todd, Mr. and Mrs. H. D. Helmcken, Mr. J. D. Helmcken, Mrs. Cuppige, Mr. and Mrs. Charles Rhodes, Mrs. Amberg,

## WILD SCENE AT LLOYDS OVER TITANIC

Fairplay Tells of Happenings Where Underwriters Assembled When the News of Disaster Arrived

Never since Lloyd's began has there been such a scene as was witnessed on the Monday morning when the news of the collision of the Titanic off the banks of Newfoundland, with an iceberg was announced in varying telegrams on the casualty board, says London Fairplay.

The collision of the Olympic in the Solent, the stranding of the Delhi off Cape Beatty, the sinking of the Oceana off Beachy head, all of which have taken place since September 20, produced a crowd anxious to get news of what had happened, but all these put together were as nothing compared with the dense mass of underwriters, brokers and their clerks which crowded round the board eager to read the yellow flames giving the latest news of this Titan of the shipping world.

Needless to say, the lines taken by companies and underwriters are commensurate with the size and character of the vessel and her owners, and there was at once a desire on the part of some with heavy lines who also thought very badly of the telegrams, to get out of some of their liability. They were met with a demand of 50 guineas per cent, and even at that rate a good deal was done by those anxious to cut their loss.

Towards noon, the 40 guinea market being closed, the rate rose to 55 guineas, and even 58 was asked and paid. At two o'clock, no re-assuring news having been received, 60 guineas were offered and accepted by a good many underwriters.

The afternoon dragged its slow length along amid excitement as intense as

prevailed when the first news reached the room.

Shortly before four o'clock a telegram from the other side indicated that the Montreal Star had published news that the crippled monster had been taken in tow and was making for Halifax. So sensitive was the state of the market that this news brought down the rate to 35 guineas, and before five o'clock some of those who had taken the risk earlier in the day at 60 guineas were able to get out at 25 and even 20 guineas.

On Tuesday morning there was still a considerable crowd around the casualty board, but it seemed to the praise of the underwriters, be it said, to have interests more of a humanitarian than of a pecuniary character. So conflicting was the news early in the morning that an amount, small no doubt, was effected at 30 guineas.

## RAINBOW RETURNS

Canadian Cruiser Reached Esquimalt Yesterday From Cruise—Made Good Gun Practice at Comox

H. M. C. S. Rainbow, Commander Hose, returned to Esquimalt yesterday after a cruise to the north of Vancouver Island, during which she carried out gun practice at Comox range. The Canadian cruiser has been absent from Esquimalt for about a month, and spent much time at Comox. The gunners of the warship did very well in the gun practice, making good scores both with the 6-inch guns and the 12-pounders.

## JONES AND BARR GET BACK TODAY

Believed That Vancouver Lacrosse Magnate Is Bringing Lalonde and McGregor to Pacific Coast

VANCOUVER, May 9.—Con Jones and Matt Barr will arrive back in the city tomorrow after a pleasant little excursion into the preserves of the Dominion Lacrosse union and the National Lacrosse union. A wire from Con, dated from Chicago, stated that the party would be here on Saturday morning, but contained no information regarding lacrosse. However, it is strongly suspected that "Neway" Lalonde, and "Mac" McGregor are along with them. While nothing will be known definitely till Messrs. Jones and Barr return, it is altogether likely that the Vancouver club will take up the proposition from New Westminster to play an exhibition game a week on Saturday. The Vancouver club has so many players at its disposal that some sort of a tryout of the kind will be necessary for the club executive to get a proper line on the players. In such a game the clubs would be able to try out all their available talent, and it would give them just the required workout to start the league season on May 24.

OTTAWA, May 9.—Officers of the Capital lacrosse club announced yesterday that Bobby Pringle, for whom the Vancouver and Irish-Canadian clubs have been angling, would be seen in the garnet and grey again. Owner Blitty and coach Ralph Hartz had several conferences with Pringle, and the latter has practically decided to remain in the capital, though Jones offered him \$1800 and Kennedy \$1900. Pringle will likely captain the Capital in the National Lacrosse union. He holds a good position in the Indian department, and inability to get the necessary leave of absence to play at the coast is given as the cause of his decision to return to the Capital.

TORONTO, May 9.—A missionary trip through the big cities across the border this fall, with a tour of the old country in 1913, is the latest proposition that is before the Big Four moguls. It is practically settled that the Tecumseh and Toronto clubs will play exhibition games in New York, Philadelphia, Boston, Chicago, and Cleveland, this fall, and now comes the proposal to take the

champions across to England in the fall of 1913 to educate the English lacrosse teams in modern lacrosse.

In a letter to a Toronto friend, an old country lacrosse player states that the time is ripe for another invasion by a Canadian lacrosse team, hinting also that the Canucks had better send their strongest twelve across, because of the improvement that the English teams have shown in the last few years. The Olympic lacrosse team, the amateur twelve that won the world's honors for Canada at the London Stadium, had a hard time winning some of their exhibition matches, and the lacrosse teams in the north of England have gone ahead wonderfully since 1908. The suggestion is also handed out that the Big Four should take up the matter of bringing an English twelve, say the Stockport team, the 1912 champions of England, to Canada. One of the big drawbacks is that the best clubs on the other side of the Atlantic are amateur, and special permission would have to be secured to permit their playing the Canadian professionals.

### MEETING OF SPORTSMEN

Proposal to Organize Game and Fish Protective Association in Victoria to be Discussed

The establishment of an organization which, it is suggested, should be called the Game and Fish Protective association, will be the subject of discussion at a meeting to be held in the Westholme hotel at 8:30 p.m. on Thursday next.

The gathering will be of interest to all fishermen and hunters, as the object of the association when formed will be to insure, as far as possible, the protection of game and fish for legitimate sport, and to do away with the destructive methods which are employed at certain seasons of the year.

The subject of the desirability of having gun licenses issued will also in all probability be discussed, and it is hoped to make the association of considerable weight among the sporting section of the community.

In Vancouver there is an association numerically very strong, which looks after the interests of sportsmen on the mainland, and it is now felt that as those interested in fishing and shooting on the island are increasing rapidly, it is time a similar organization should be created here.

### Hunters' Run

Two packs will set off in the Hunters' club run which will take place from the Y. M. C. A. on Monday. One will be slow and the other fast, the former starting a few minutes after the latter. It will be the endeavor of the slow pack to catch the other pack before again reaching the association building. L. Godfrey will lead the slow and C. Johnson will be in command of the fast pack.

### AMUSEMENTS

**Empress Theatre**—Large audiences are the rule at the performances given at the Empress theatre this week, the bill good provided being the attraction. The sketch which heads the programme, a condensed drama entitled "On the Threshold" which Mr. Walter Law, Miss Yvonne Marvyn and a company which affords good support appear, is a playlet replete with striking situations and the final tableau is an excellent one. The curtain goes down at each performance amidst much applause. Two vaudeville acts, who are not strangers to the audiences at the Empress, are Al Prince and Helen Deerie, who are repeating the success they made a year ago. These players, who are billed as "The College Chap and the Maid," present a singing, talking and dancing set of much merit. Peppino, an Italian musician brought from sunny Milan for the Sullivan & Considine circuit, plays the accordion in a manner which is a revelation. He has a brilliant repertoire which includes both classical and popular numbers. Mort Fox, the monologist, offers a laughable act, and sings some good parodies. His dialect stories are laughable in the extreme. Landry Brothers, a couple of athletes who age the specimens of young manhood, contribute a number of highly amusing, novel and daring feats, not the least interesting being their feats on the revolving ropes. The films shown by the Empress are up to the good standard set by the Empress.

**Majestic Theatre**—One of the striking features at the Majestic today and tomorrow is the thrilling experience of a telephone girl who attacks her post in a burning building until everybody gets out safely. She is rescued from the blazing factory by her sweetheart, a young fireman, "Captain Rivera's Reward," an interesting picture of the old viceregal days of California. The heir is the lover of the viceregal daughter, and she was his reward. His luck came from a kindness done to a box of the people, for when bandits had captured him, after an ambush and foul play, the boy's mother helped the viceregal daughter to save him. "True Love," a tender story which deals with parental forgiveness. "Her Masterful Man," an unusual comedy with a novel plot, showing how my lady fair is won right cleverly.

**Crystal Theatre**—"A Stage Romance" is an Edison feature for Friday and Saturday. It is a play within a play that will excite the interest of the audience to the highest pitch. "The Poison Cup" is simply a fairy story told clearly and amusingly. There is nothing but entertainment in this playlet, and for Saturday, when the children can attend, is very welcome indeed. "The Bell Brothers" is an acrobatic reel of men high up in their profession. "An American Invasion" is a dramatic picture of life in Southern California just before the Americans came. The surroundings are beautiful, the plot good and well acted. "Captain Barnicle's Messmate" is a Vitagraph comedy drama. This will feature an old favorite of the Vitagraph company who has not been seen of late. You will be assured of a hearty laugh in this picture. The Steeles have a complete change of programme for the week-end, and are eliciting round after round of applause. Their instrumental music is great. Harry Young also has a complete change, doing character impersonations and high-class dancing. This is a good programme, and one we are sure you will not care to miss.

### ATROCITIES BY BANDITS

Woman Compelled to Witness the Execution of Her Husband

NEW YORK, May 9.—There has been far more murders and persecutions of Americans in Mexico than the papers in the United States have told of," said J. C. Walker of England, who arrived here yesterday on the steamer City of Mexico from Vera Cruz with 25 other passengers. He said that most of the atrocities are committed by bandits, but frequently bands of Mexicans styling themselves "revolutionists" murder and rob Americans and Englishmen.

One of the refugees said an American woman near Vera Cruz recently was compelled to witness the execution of her husband. The victim was first strung up by the thumbs, the fingers of both hands later being amputated, after which one of the torturers severed his head.

### INTER-CITY TOURNEY IS DECLARED OFF

Vancouver and Victoria Boxers Will Not Meet in Terminal City as Planned

VANCOUVER, May 9.—The boxing tournament contemplated between the Vancouver Athletic club and the James Bay club of Victoria has been called off, due to the fact that the use of the V. A. C. auditorium, which was to have been the scene of the contests on Friday night, has been donated to the Anti-Tuberculosis society for that date. The tournament was to have been in the nature of a farewell to the boxers who go to Toronto next Monday to participate in the Canadian championships on May 24 and 25th.

Captain "Big Jim" Burgess, the so-called shrimp king of British Columbia, is mysteriously missing, and search is being made for him in the vicinity of Poughkeepsie, where he was last seen about ten days ago.

### Majestic Theatre

Programme Friday and Saturday: "The Telephone Girl" a thrilling and exciting story. "Captain Rivera's Reward"—A production of early California. "True Love"—A beautiful story drama. "Her Masterful Man"—An unusual comedy.

### CRYSTAL THEATRE

Vaudeville and picture programme Friday and Saturday: "The Steeles"—A musical comedy. Harry Young—Character impersonations and dancing. "A Stage Romance"—A playlet. "The Poison Cup"—A playlet. # Warm Weather Furniture

Items You Should Have During The Summer Time

The bright, warm weather of the past few days ought to remind you that right now is the time to make the selections for Summer Furniture and Furnishings necessary for proper comfort during the next few months. It's high time you had made these purchases. No other store is so well equipped to fill your wants as this one. That may seem a broad statement, but it's true, and a visit will prove what we claim. We issue you a very hearty invitation to come in and inspect our offerings in Summer Furniture and Furnishings. You'll be surprised and pleased at the completeness of our stocks and the fairness of the pricings.

## Here Is The Ideal Summer Furniture

NEW SEA GRASS AND RATTAN CHAIRS, ROCKERS AND TABLES  
—SUPERIOR QUALITY. SEE THESE IN OUR GOVERNMENT ST. WINDOWS AND ON FOURTH FLOOR

There is no more inviting furniture for the Summer than the Sea Grass and Rattan we are showing. Delightfully cool and inviting and most artistic—it is furniture suitable for either outdoor or indoor use. We have a broad variety of designs suitable for veranda or lawn use—chairs, tables, etc., that you'll be pleased to place in your parlor after the Summer season has gone. And the prices are just as attractive as the styles.

Come in and let us show you some smart designs. Come and try the comfort of these chairs, come and secure one for your home. You'll never regret the purchase.

All Prices from \$9.00 to \$4.00

## Our Porch Shades Will Make Your Porch More Comfortable

These Porch Screens displayed on the balcony of our first floor will protect you from the strong direct rays of the Summer sun and make the porch a more comfortable and desirable spot. Hang one on your veranda and learn their comfort.

They are well made, and we have them in the green finish. Many sizes are offered and the prices are reasonable.

## Dainty Summer Floor Coverings

WE HAVE A SPLENDID STOCK

A great many people prefer China to Japan Mattings as a summer floor covering, and they have much to commend them. Cool and pleasing in their dainty patterns and clean looking, they make an excellent floor covering for the summer season, and they are low in price too.

We have some very attractive patterns for this summer, and if you are contemplating the purchase of some matting, or are looking for a suitable summer floor covering, don't fail to see these. Prices start from, per yard, 25c.

## Hammocks From \$1.50

What about a Hammock for the Summer camp?  
 Don't you think you would appreciate a nice one?  
 Certainly you would, and there's no reason why you shouldn't enjoy the comforts of one of these.  
 There's a big choice of styles here, and there's a price that will suit you, too, for we have them priced from each \$1.50.

## Refrigerators Many Styles, From \$12.00

There's a big difference between a refrigerator and an "Ice Box." An "Ice Box" will keep the food cold, but it'll also spoil it, because the air is stagnant.

We sell the best refrigerators on the market—the very best made—the best in low-priced styles. We have a splendid assortment of styles on display, and invite you to come in and investigate styles and prices.

We have them from \$12.00.

## CRICKET ASSOCIATION

Officers of New Provincial Organization Appointed—All Clubs Asked to Assist

The following gentlemen have given their valuable support to the recently formed British Columbia Cricket association:

**Patrons:** His honor the Lieutenant-Governor of British Columbia, Hon. Premier McBride, Sir Charles Hildbert Tupper, K.C.

**Honorary presidents:** Messrs. John Ronald, president of the Burrard C.C.; A. H. Crichton, president of Kelowna C.C.; G. M. Brynne, president of New Westminster C.C.; Frank Bourne, president of Revelstoke C.C.; Capt. J. F. Foulkes, of the Garrison C.C.

**President:** W. W. Foster, deputy minister of public works and president of Oak Bay C.C.

**Vice-president:** Mr. L. Avery White, captain of New Westminster C.C.

**Honorary secretary-treasurer:** Mr. R. Foster Brett, 1039 Pandora avenue, Victoria.

This will no doubt tend to strengthen the hands of those who are endeavoring to bring the game of cricket up to a high standard in the province of British Columbia. Every club should use its influence to further the interests of this the best of outdoor summer games, and make this province one of the strongest, if not the strongest, in the whole Dominion. To this end the new association was formed.

**STEWART WINS FROM "GUNBOAT" SMITH**

NEW YORK, May 9.—Jim Stewart, of Brooklyn, defeated Gunboat Smith, of California, in a ten-round bout here tonight. Smith weighed 176 1-2 and Stewart 210 1-2 pounds. At the end of the tenth round Referee Fatsy Haley walked to Stewart's corner and raised Stewart's left arm, the method in vogue of indicating a winner when decisions were permitted here. It was generally understood that in this manner the referee would render a decision and it was accepted as such. Stewart had the better of the opening round, and the second was even. In the third Smith landed a right swing on the jaw, and Stewart went down, but was up in a second. Stewart landed some heavy right smashes on the head in the seventh, and had Smith staggering at the bell. In the last three rounds Stewart used his left effectively.

Navigation is open between Windermere and Golden.

## PROVINCIAL MEN FOR MARATHON TRIALS

The government of British Columbia at an executive session yesterday, decided not to grant the request for financial aid for the sending of eight representatives to participate in the try-outs shortly to take place there, as candidates for the representation of Canada at the great Olympic games to be held this summer in Stockholm, Sweden.

It was proposed to send three carefully selected candidates from Victoria, four from Vancouver and one from New Westminster, the government being asked to make a grant of \$2,500 toward necessary expenses. As a grant of \$2,000 had only just been made to assist the financing of the Australasian tour of the Vancouver cadets. It was deemed inexpedient at the present time to accede to the request.

Officials of the B.C.A.A.U. it is expected, will make an effort to raise a fund through public subscription. As there is not much time to spare, those interested in Victoria and Vancouver will likely take what steps seem most advisable without delay.

Arrangements for the provincial trials at Brockton Point, Vancouver, on the 15th inst., have been completed. So far only nine men have signified their intention of competing, and about six of the number are considered to stand a splendid chance of qualifying for the finals at Montreal.

Billy Kennedy, of this city, has withdrawn from the rowing events owing to the non-arrival of his new shell from the old country, while Clarke, the B.C. cyclist, also has retired, which leaves the province without representation in these competitions. However, in the sprints, middle distance and weights, the coast province should be ably represented.

Vice-Principal D. J. Buchanan of the Provincial Normal School, is dead at Vancouver.

A Quick Profit Opportunity  
For The Small Investor

We have taken over twenty-six lots to close out a subdivision, which we can offer at a price below market value. They are located within three blocks of the Fort street car line and are all clear, high, dry and level. There is a building restriction of \$2,000 on each lot.

Remember, there are only twenty-six lots and they will not last long at these prices.

**Prices from \$750 to \$1250**

TERMS—ONE-THIRD CASH, BALANCE 6, 12 AND 18 MONTHS AT 7 PER CENT.

# Won't You Pay \$50 Down For a Good Strong Chance of Making \$500 Clear in Six Months Time on a Sterling Investment?

THIS IS IT—DON'T LET IT PASS

NEAR  
MT. TOLMIE  
POST  
OFFICE

## “IRVINE PLACE”

ON THE WAY  
TO MT.  
DOUGLAS  
PUBLIC  
PARK

### THE REASONS WHY

In the first place you get a level, cleared, rock-less lot, a quarter acre or more in area, on payment down of \$50. The most expensive lot in the entire subdivision would cost you only \$80 down. The next payment would be due next fall, about September, and it would amount only to another \$50 or another \$80, depending on what size of lot you selected.

#### Doesn't Cost Very Much To Get In Now

In any event, these lots will rise rapidly in value even if there were no other reason than that the section of the environs of Victoria in which they are situated, is bound to go ahead within the next few months. “Irvine Place” is in the direct road of advancement. It is not more than 300 yards beyond the Mt. Tolmie post office

and only a good fifteen minutes' walk from the Mt. Tolmie car line and the University and Normal schools. Beyond it lies Mt. Douglas with the new public park which is being improved now, and which will be the objective of a new line of street railway within a short time, according to present plans.

#### “IRVINE PLACE” Lots Will Double

Before this time next year if the work now being considered is carried out. Every lot in the piece is a desirable homesite with fine views of the beautiful surrounding country; with deep, fertile soil as level and clear as a pavement and without a patch of rock anywhere. If the prices depended only on the ordinary growth of the district, these lots at our prices would be first-

class investments and would make handsome returns in a short time. BUT

#### A New Street Car Line

To Mt. Douglas Park, which will certainly be built before long, no matter what else happens, cannot help but raise the values on “Irvine Place.” If it follows the natural and best grade it will cut right through “Irvine Place.” IT CANNOT HELP BUT PASS VERY CLOSE TO THE PROPERTY.

#### Among The First Buyers

Was a man who is in a position to know what is going to happen in the district in which “Irvine Place” is located. He might have put his money anywhere else. BUT HE CHOSE THIS PROPERTY. Look at the price of surrounding property, even in acreage, and then think things over.

## Stock Markets and Financial News

### STEADY TONE IN THE MARKET

Standard Issues Register  
Greater Degree of Activity—  
Reading and U. S. Steel Are  
Again Active

NEW YORK, May 9.—The tone of today's stock market for the greater part of the session was more steady and stronger than at any time since last Friday, when prices underwent a sharp decline. Several of the standard issues were again in moderate volume, but the movement was fairly broad. All the standard issues were higher with the usual degree of activity in United States Steel and Reading.

The former rose sharply in the early afternoon. In the final hour the entire market reversed itself, beginning with a further decline in Illinois Central, which fell to 120 1/2, its lowest price in four years. A selling movement then ensued which wiped out the greater part of the previous rise, and reduced net gains to minor proportions. The severe break in Illinois Central was attributed to the heavy losses the property is supposed to have incurred as a result of the disastrous floods in the Mississippi Valley.

Reduction of the Bank of England discount rate from 3 1/2 to 3 per cent was one of the important developments of the day. The new rate is the lowest in over a year. Crop news of the day lent confirmation to recent adverse advice. Dispatches from the northwest state that the cool weather of the week and general rains in North Dakota and Minnesota had given a check to seeding.

No change was reported in local money rates, the supply continuing abundant with demand comparatively light. The bond market was fairly steady; total sales, \$1,200,000. United States government bonds were unchanged on call.

**Metal Quotations**  
NEW YORK, May 9.—Standard copper firm and spot, \$15.50@15.75; May, \$15.50@15.55; June, \$15.55@15.60; July, August and September, \$15.55@15.75. London firm; spot, £70 1/2; future, £70 1/2. **New York Rates**  
NEW YORK, May 9.—Money on call steady, 3/4 @ 5/8 per cent; ruling rate, 3/4 per cent; closing bid, 3/4 per cent; offered at 3 per cent. Time loans easier; sixty days, 4 1/2 per cent; ninety days, 4 1/2 per cent; six months, 4 1/2 per cent. Time loans easier; sixty days, 4 1/2 per cent; ninety days, 4 1/2 per cent; six months, 4 1/2 per cent. Prime mercantile paper, 4 1/2 per cent. Sterling exchange steady with actual business in banknotes, \$4.84 1/2 for sixty days and at \$4.86 1/2 for demand. Commercial bills, \$4.88 1/2. Western dollar steady. Governments steady, railroads steady.

**Discount Rate Reduced**  
LONDON, May 9.—The rate of discount of the Bank of England was reduced from 3 1/2 to 3 per cent today. The reduction was the natural consequence of the bank's stronger reserve brought about through the inflow of gold arrivals, and the return of cash from the count houses. The discount houses lowered the market rates to 2 1/2 per cent, and consequently the bank would have found it difficult to make a 3 1/2 per cent rate effective.

**B. C. Telephone Issue**  
LONDON, May 9.—The British Columbia Telephone company offered £60,000 of shares at 94% and £15,000 reference at 94 1/2. The Bank of Montreal offered last night the Quebec Lake and St. John railway (\$12,500 first mortgage four per cent. The debentures are due in 1922 at 94 1/2, unconditionally guaranteed by the New Brunswick government.

**Liverpool Wheat Prices**  
LIVERPOOL, May 9.—Close—Wheat, May, 1912, 10 1/2; July, 10 1/2; October, 10 1/2. Weather cloudy.

# A PAGEFUL OF FRIDAY ECONOMIES-BARGAINS IN EVERY SENSE OF THE WORD

## Here's Summer Suits for Particular Men

**B**UYING a Summer Suit isn't an everyday matter, and with many men it is quite a serious consideration. For this very reason you should carefully consider and compare values before you make your final choice.

Here are some specially good lines. We are proud of them, they embody a very high standard of tailoring, fit perfectly and will serve you well right through the Summer. In other words, they are as good as the most exacting man in Victoria can wish for.

There are two-piece suits in flannels and fancy worsteds, in a choice assortment of shades and colors to choose from, and all sizes are included. The prices range from \$8.75 to \$18.00.

### HAVE YOU EVER SEEN SUCH BARGAINS IN Men's White Duck Trousers?

**W**E think not—in fact we'd have to sell them at less than cost if we tried to make a lower price. As to the quality of the garments, they are such that will build up the Spencer reputation as a quality house—otherwise we wouldn't sell them.

They are made of a white duck with a heavy twill, are finished with cuff bottoms and belt straps. All sizes are here and the prices range from \$1.25 to \$2.00.

## Stock Collars and Ties for Men and Women

### BARGAIN PRICES PREVAIL TODAY

**Y**OU'LL wonder why ties and stock collars of such high quality should ever be priced so low, for they are a kind that you can wear all the year round, and more in the Summer than at any other time.

There's nothing inferior about them either, they are all good lines that will add to the credit of Spencer's reputation as a quality house.

**Men's Cotton Washing Ties** in light fancy stripes. A great variety of colors to choose from. A big value at each. **12½¢**

**Fancy Figure Ties** in white with a fancy colored figure. Made of cotton and a good wash tie. Price 3 for **50¢**

**Silk Bengaline Ties.** There are 50 dozen of these in the lot, are suitable for men or women and are the four-in-hand shape. All are in plain shades and are full length. You never saw a better value than these at this price. Regular value 50¢ each. Special **25¢**

**Washable Stock Collars for Men or Women.** These are made to be used as collar or tie, and come in a variety of fancy stripes. Price each **50¢**

**Silk String Ties.** These are the Leader make, are 50 inches long and come in a wide assortment of colors. Your choice at each. **25¢**

**Silk Ties** in both four-in-hand and wide-end styles. An endless assortment of colors to choose from at each. 75¢, 50¢ and **25¢**

**THE MEN'S FURNISHING DEPARTMENT—GROUND FLOOR**

## Embroideries, Allover Laces and Trimmings

**G**O where you will you'll have a hard time to find an assortment that is as attractive and low priced as this lot.

We spent a lot of time making our collection, but we consider that our time was well spent, and with an assortment like this to choose from, Victorians should have little difficulty in securing the best.

**Corset Cover Embroidery.** Here is a fine new line that you'll appreciate. All 18 inches wide, and sell at, per yard, 50¢ and **75¢**

**Allover Lace.** There is only 75 yards of this line left. It has sold rapidly, and if you would like some you'll have to shop early. It is 18 inches wide and a rare bargain at, per yard **50¢**

**Allover Lace.** This line is an exceptionally good value. The fact is we have sold this grade regularly at \$1.50 and \$1 a yard. Many different patterns are to be had, but they are all white and cream. Spencer's special value **75¢**

**Trimmings.** Here are several hundred yards of good trimmings that we have reduced to about one-third the regular price. This offer stands good for the next two days only, so don't delay if you want the benefit.

**Ruchings.** Here are some very dainty ruchings to choose from. They come in boxes containing six lengths. Per box 25¢ and **15¢**

**Wide Embroidery Flouncings,** suitable for making children's dresses. They are an exceptionally fine line and are commanding much attention from particular women. Per yard only **75¢**

## Men's Motor and Dust Coats

### Quality and Economy Well Combined

**T**HIS will be welcome news to many men in Victoria. They are just the style you want, while the quality is well above the average at the prices we are asking for them. They are all imported direct from Berlin, and are fine examples of German skill. When you remember that the German considers that if a job is worth the doing, it is worth doing well, and that time comes second to the making of a good job, you'll have some idea of the quality of these goods.

**Motor and Dust Coats** made of fine twilled worsteds, fancy ducks and pongees are here to choose from. They are made with military collars, double-breasted style, have side pockets, dustproof cuffs inside the sleeves, cuff straps on the outside cuffs and finished with side pockets and horn buttons. Your choice from colors greys, fawns and terra cotta. All sizes are here and the prices range, according to quality, from \$4.75 up to **\$12.50**

**Men's Alpaca Coats.** These are unlined and come in colors greys, fawns, slates and blacks, also black with a light stripe running through. We have all sizes for men and boys, and in spite of the fact that they are inexpensive, they are very serviceable garments. Prices range, according to quality and size, from \$2.50 up to **\$4.75**

## You'll Always look Neat in one of these House Dresses

**T**HE prices we are asking for these dresses are away below the price you would ask for labor only if you were making them up for us. Even if we gave you the order for 500 dresses, you'd hesitate to take the contract for labor at these prices. This is a fact worthy of your consideration. See the samples now in the windows and you'll realize the truth of this statement.

They are made of good prints, ginghams and muslins, and the designs are much better than they really need be—in fact far more elaborate than the average at these prices.

There are plain stripes, fancy stripe effects, large and small white and colored spots, combinations of stripes and small designs, also plain colors to choose from. Most of them are in light colors, but there are dark ones if you prefer them.

Dutch and round necks are the favorites, but we can offer you some with smart roll or sailor collars. The sleeves are all set in, and may be had full length or short, finished with plain or fancy turnback cuffs.

Pipings and dashes of plain materials, embroideries and lace are the main trimmings, and every dress is an exceptional value.

**MANTLE DEPARTMENT—SECOND FLOOR, BROAD STREET**

**HUNDREDS TO CHOOSE FROM, ALL SIZES TO 42 INCHES. PRICES \$1.75, \$1.90, \$2.00, \$2.25, \$3.75 AND \$4.50**

**Get a Panama Hat Today**

**OUR PRICES FROM \$3.75 TO \$7.50**

**WE** realize that the prices are so low that many men may doubt the quality of the hats, and we feel that one glance at the goods will be more convincing than anything that we can say in this advertisement.

The fact is that we have more than double the quantity in stock than usual. Our buyer made a huge purchase at an advantageous price, and we prefer to sell them at near cost price, rather than risk having to carry them over to next season. Here's where you get a big benefit. All sizes and all new blocks. Prices range, according to quality, from \$3.75 to \$7.50.

**Today's Specials in the Women's Shoe Depts.**

**W**OMEN who are looking for the best wearing, the most comfortable, smart and moderately priced shoes will find all that they desire in this department today. Every shoe is part of our regular stock and represents the best possible values, values that we are proud of. If you are in doubt, see the goods in the department. You have had experience in shoe buying, and if the goods don't appeal to you as the best you ever purchased at the price we won't press you to buy.

**Tan Russia Calf Button Boots.** These are made on the newest American last and are "Goodyear" welted. This means that they are the most comfortable, stylish and best fitting shoe on the market. Per pair **\$1.95**

**Pumps and Oxfords,** also the new Colonial Pumps in tan calf, gunmetal and patent leathers. These are the "Boston Favorite" brand, and there's an unlimited choice here. Per pair **\$3.95**

**Oxford Shoes** in patent leather. Have light turn soles and Cuban heels. A very attractive value at **\$1.95**

**Oxford Shoes and Pumps** in chocolate and black kid. These are to be had in all shapes and styles. All sizes at, per pair **\$1.95**

## You'll Be Delighted With These Waists at 75c and \$1.50

**T**HERE'S a showing of some of these Waists now in the windows, but we have many more that will interest you in the department.

You never saw such attractive styles and sterling qualities offered at these popular prices, and the fact that we have a full range of sizes in all these lines will be interesting news for you.

**Beautiful Lawn Waists** with allover embroidered fronts and finished with three tucks on either side, are here. They are made with three-quarter sleeves set-in style, finished with tucked cuffs edged with lace. The collars are tucked and edged with lace, and the backs are tucked. An unusually good value at, per garment **75¢**

**A Very Handsome Waist,** with a wide embroidered panel down front and trimmed with three rows of insertion, sewn together, on either side of panel. The centre row of insertion is Irish crochet lace. The sleeves are three-quarter length, set-in style, tucked and trimmed with insertion and lace. The collars are high and the backs are trimmed with tucks and insertion. You never saw such a handsome waist sold at this price. Price, per garment **\$1.50**

**Another Splendid Garment,** with an embroidered panel in front and wide Cluny lace insertion and clusters of tucks on either side. A large side trim and a high collar, finished with tucks and insertion, completes the garment and makes it very attractive. The sleeves are set-in, are three-quarter length and finished with insertion. Per garment only **\$1.50**

## Welcome News from the House-Furnishing Department

**N**o better time than the present to renovate your home and put it in harmony with the pleasant summer weather. And this is the store that can supply you with standard goods at the lowest possible prices.

The fact that our stock of carpets, rugs, mats, matting, linoleum and oilcloths is more than double the amount we carried three months ago, and that our volume of business has grown far beyond this proportion, is evidence—strong evidence—that Spencer values are appreciated by Victorians. A visit to the department is the most satisfactory evidence for you. The goods are their best advertisement.

**Printed Bedding.** This is a very popular material, and we have many attractive patterns to show you. Here's a lot of odd lengths priced to clear. They come in both the plain centre and allover effects, and all have borders. Regular values 25¢, 35¢, 45¢ and 50¢, all to be cleaned out at, per yard **15¢**

**English Brussels Carpet Squares.** Here's a choice assortment of colors and designs to choose from, all of a reliable quality. They have a hard finished surface and are very closely woven. Nothing so serviceable to be had at a comparative price, and no carpet is so well fitted for use in any room of the house. Size 9 x 10½ feet, and sold regularly at \$2.50. Our price today **\$2.375**

**Your Window Shades.** If you are in urgent need of window shades, ring phone 1246 and we'll do our utmost to meet your wishes. It's our policy to give you the best and quickest service, supply the highest grade of goods and make you feel that Spencer Service is a real and dependable help.

## Your Best Opportunity to Save on Your Summer Costume Today

**I**f you have been waiting till you could see just the style of costume that you most like, marked at an easy price, you should not wait any longer. Here it is, without a doubt. We feel that it's impossible to give you a fair idea of the different styles that are here and it's positively impossible to do the garments justice by means of a word picture.

Illustrations are out of the question, we would have to have special engravings made, and this would add to the cost, so come and see the garments, examine them at close range, and you'll admit that they are, by far, the best you ever saw at the price.

\$14.75, \$16.75 and \$19.75 are very small prices for high grade costumes, cut on the latest lines, still you can choose from a very wide range of materials at these prices and be sure of getting a garment that is worth at least one-half more.

A very fine line of strictly man-tailored costumes with satin linings are here marked at \$23.75, and even if you are willing to pay from \$30 to \$35 for a costume, we doubt whether you could get better garments.

**YOU'LL HAVE TO SEE THESE TO APPRECIATE THEM**

## Making Your Boy What You Want Him To Be

**C**LOTHING THAT WILL MAKE A MAN OF HIM

**T**HIS is a showing that should interest all parents of boys. The garments are just what you have been wishing for, garments that will wear like leather, and yet smart enough to make the boy feel that you are proud of him.

We'd like to tell you more about them, but if we told you just what we think of them, you might think that we were too partial to our goods. See them and you'll be convinced that quality and moderate price are well combined.

All the newest patterns and styles are here, and you can choose from fancy worsteds, serges and flannel effects.

All sizes are here in both double and single-breasted styles and as the prices range from \$3 up to \$12.50, you'll easily find just the suit that will please you.

**BOYS' WASH SUITS—\$1.00 GRADES ARE SELLING AT 75¢ TODAY**

A very fine assortment of colors in fancy Crashes and Prints are here in the Russian and Buster styles. They are finished with fancy collars and cuffs and are to be had in sizes from 3 to 8 years old. Every suit is a splendid investment at **75¢**

**80 Pairs of White Wool Blankets**

**REGULAR \$4.50 GRADES ARE SELLING AT \$3.75**

This is an occasion when you can reap the benefit of Spencer's huge purchasing power. Our Vancouver buyer made a specially good purchase and shared the goods with this store, so here's a fine bargain for blanket buyers. They are weight that will be specially useful this Summer, are all woven from Canadian wools and have a nice nappy finish. We cannot repeat this special offer, so advise early shopping. Per pair, **\$3.75**

**All-Wool Blankets.** These are a heavy quality, and as the demand for a blanket is growing less every day, on account of the warmer weather, we will clean out the balance of our stock at a saving to you. They are a pure wool blanket, free from specks and well worth \$5.75 a pair. Our clearance price **\$5.50**

**Gray Wool Blankets.** Here's a very large stock to choose from, and campers will readily find just the kind they like. All are excellent values, and we have them starting as low as \$1 a pair, but have other qualities and sizes that range as high as **\$7.00**

**Kingscomb Quilts.** These are fine bedspreads and are finished with fringe. The 12½ sizes are selling at **\$2.75**

And the 11½ sizes are only **\$2.25**

**White Grecian Quilts.** These are quilts that are remarkably easy to wash, look well and are very serviceable. Price, each **\$1.25**

**White and Colored Turkish Towels.** Here is a very closely woven towel that is very absorbent and a durable quality. Price, each **25¢**

**Kneckerback Towels.** Either plain or hemstitched, at each **25¢**
